If you're a stay-at-home mom considering going back to work, these are some of the questions that have likely come to mind. Returning to the workforce can be a daunting prospect. It requires reigniting old contacts (including those with coworkers once your junior), marketing yourself strategically, and building confidence-whether you've been out of the workforce for two, six, or

fifteen years. Carol Fishman Cohen and Vivian Steir Rabin understand, because they've been there. As Harvard MBAs who successfully relaunched their own careers after staying home full-time with their children, they know it can be done—with careful planning, strategizing, and creativity. Now, in **BACK ON THE CAREER TRACK**, they offer a prescriptive, seven-step program that includes:

- Assessing career options and updating job skills
- Networking and preparing for interviews
- Getting the family on board.

Packed with expert advice from career counselors and recruiters, and insightful stories from others who have been through the process, this book also offers an inside look at what employers and universities are doing to help relaunchers today—including how many businesses are recognizing them as valuable assets. As frequent speakers to women's groups, professional schools, and corporations, Cohen and Rabin provide a thorough, unique program from two experts on the topic of career reentry. **BACK ON THE CAREER TRACK** is sure to become the classic guide in the field.

Software Engineering at Google

Michael Griffith

Adopting an interdisciplinary perspective, **BUILDING GENRE KNOWLEDGE** provides a unique look into the processes of building genre knowledge while offering a

dynamic theory of those processes that is inclusive of both monolingual and multilingual writers—a necessary move in today's linguistically diverse classrooms. It will therefore be of great interest to researchers and practitioners in both first and second language writing studies.

The Effective Engineer Business Plus

The definitive career guide for grad students, adjuncts, post-docs and anyone else eager to get tenure or turn their Ph.D. into their ideal job. Each year tens of thousands of students will, after years of hard work and enormous amounts of money, earn their Ph.D. And each year only a small percentage of them will land a job that justifies and rewards their investment. For every comfortably tenured professor or well-paid former academic, there are countless underpaid and overworked adjuncts, and many more who simply give up in frustration. Those who do make it share an important asset that separates them from the pack: they have a plan. They understand exactly what they need to do to set themselves up for success. They know what really moves the needle in academic job searches, how to avoid the all-too-common mistakes that sink so many of their peers, and how to decide when

to point their Ph.D. toward other, non-academic options. Karen Kelsky has made it her mission to help readers join the select few who get the most out of their Ph.D. As a former tenured professor and department head who oversaw numerous academic job searches, she knows from experience exactly what gets an academic applicant a job. And as the creator of the popular and widely respected advice site *The Professor Is In*, she has helped countless Ph.D.'s turn themselves into stronger applicants and land their dream careers. Now, for the first time ever, Karen has poured all her best advice into a single handy guide that addresses the most important issues facing any Ph.D., including:

- When, where, and what to publish
- Writing a foolproof grant application
- Cultivating references and crafting the perfect CV
- Acing the job talk and campus interview
- Avoiding the adjunct trap
- Making the leap to nonacademic work, when the time is right

The Professor Is In addresses all of these issues, and many more.

Transport and Logistics John Wiley & Sons

Get ready for interview success. Programming jobs are on the rise, and the field is predicted to keep growing, fast. Landing one of these lucrative and rewarding jobs requires more than just being a good programmer.

Programming Interviews For Dummies explains the skills and knowledge you need to ace the programming interview. Interviews for

software development jobs and other programming positions are unique. Not only must candidates demonstrate technical savvy, they must also show that they're equipped to be a productive member of programming teams and ready to start solving problems from day one. This book demystifies both sides of the process, offering tips and techniques to help candidates and interviewers alike. Prepare for the most common interview questions Understand what employers are looking for Develop the skills to impress non-technical interviewers Learn how to assess candidates for programming roles Prove that you (or your new hires) can be productive from day one Programming Interviews For Dummies gives readers a clear view of both sides of the process, so prospective coders and interviewers alike will learn to ace the interview.

HR Manager, Fortune 500 company "My dream job called after I mailed my first cover letter. I landed the job and owe it all to Robin Ryan's effective techniques." -Marianne Jones, client *Office 365 For Dummies* McGraw Hill Professional
From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being

managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party

Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace,

confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

Back on the Career Track John Wiley & Sons

The current workforce demography and the emergent job market have put at risk millions of baby boomers' retirement prospects in the U.S. alone. This is now also a global problem. Many, who were anticipating joyous sunset years, have suddenly awakened to the dire future they now face. Since the job-market meltdown triggered in 2001, many have resigned to the idea that the emerging rules for success are beyond them. Regroup, conquer these rules, and learn how to: Reinvent yourself and reengage in ways that you thought out of reach Discover your genius and redefine your value proposition Uncover and then vanquish brand-new job challenges to vivify your

everyday life Make your career immune from economic cycles Find meaning in your work and bring back joy that eluded you! Master the art of aligning your purpose with possibilities Retire the word 'retire' from your vocabulary and stop working for a living Eliminate stress from meaningless work Enjoy what you do; live even longer and thrive Proven strategies, object lessons, and handy tools make Rehired a must-have playbook for those frustrated with their stalled careers or worried about their future.

Your cover letter is what decides if a company looks at your resume, contacts you for an interview, or gets you placed in the rejection pile. Knowing that, it is important to create a well-written, eye-catching letter that sells your achievements and job skills to impress the recruiter. However, many people are unable to effectively translate their thoughts into words when faced with the task. That is where *The Complete Guide to Writing Effective Resume Cover Letters* comes in. With this book you will be able to craft a letter that will undoubtedly land you the interview. In this new book, you will learn how to address your letter, how to grab the reader's attention immediately, how to format your letter, how to choose the font, how to be professional but persuasive, how to choose the type of paper, and how to target your letter. You will also learn about writing the different kinds of letters, including those in response to a classified advertisement, those in response to a blind advertisement, those sent to employment

agencies, cold letters, and broadcast letters; writing style guidelines; what to include in your letter; writing for an online audience; cover letter styles; and common mistakes recruiters abhor. Additionally, you will find examples of effective and ineffective letters, proven tips for making your letter stand out, sample phrases to use, and letters for new graduates, for professionals, and for those changing careers. Also included are samples specific to job industries, including administration and clerical; accounting; banking and finance, government; health care and social services; hospitality and food service; human resources; law enforcement and legal; manufacturing; sales, marketing, and customer service; skilled trades; technology; and science and engineering. The companion CD-ROM is packed with samples and worksheets to help you brainstorm and create a successful cover letter. By following the step-by-step instructions outlined in *The Complete Guide to Writing Effective Resume Cover Letters* you will ensure that your letter will impress the recruiter and that you will be contacted for an interview. In the end you will create a tool that will be of enormous importance to you in your job

search. The companion CD-ROM is included with the print version of this book; however is not available for download with the electronic version. It may be obtained separately by contacting Atlantic Publishing Group at sales@atlantic-pub.com Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Today, over 450 titles are in print covering subjects such as small business, healthy living, management, finance, careers, and real estate. Atlantic Publishing prides itself on producing award winning, high-quality manuals that give readers up-to-date, pertinent information, real-world examples, and case studies with expert advice. Every book has resources, contact information, and web sites of the products or companies discussed.

We all negotiate on a daily basis. We negotiate with our spouses, children, parents, and friends. We negotiate when we rent an apartment, buy a car,

purchase a house, and apply for a job. Your ability to negotiate might even be the most important factor in your career advancement. Negotiation is also the key to business success. No organization can survive without contracts that produce profits. At a strategic level, businesses are concerned with value creation and achieving competitive advantage. But the success of high-level business strategies depends on contracts made with suppliers, customers, and other stakeholders. Contracting capability—the ability to negotiate and perform successful contracts—is the most important function in any organization. This book is designed to help you achieve success in your personal negotiations and in your business transactions. The book is unique in two ways. First, the book not only covers negotiation concepts, but also provides practical actions you can take in future negotiations. This includes a Negotiation Planning Checklist and a completed example of the checklist for your use in future negotiations. The

book also includes (1) a tool you can use to assess your negotiation style; (2) examples of “decision trees,” which are useful in calculating your alternatives if your negotiation is unsuccessful; (3) a three-part strategy for increasing your power during negotiations; (4) a practical plan for analyzing your negotiations based on your reservation price, stretch goal, most-likely target, and zone of potential agreement; (5) clear guidelines on ethical standards that apply to negotiations; (6) factors to consider when deciding whether you should negotiate through an agent; (7) psychological tools you can use in negotiations—and traps to avoid when the other side uses them; (8) key elements of contract law that arise during negotiations; and (9) a checklist of factors to use when you evaluate your performance as a negotiator. Second, the book is unique in its holistic approach to the negotiation process. Other books often focus narrowly either on negotiation or on contract law. Furthermore, the books on negotiation tend to focus on what happens at the

bargaining table without addressing the performance of an agreement. These books make the mistaken assumption that success is determined by evaluating the negotiation rather than evaluating performance of the agreement. Similarly, the books on contract law tend to focus on the legal requirements for a contract to be valid, thus giving short shrift to the negotiation process that precedes the contract and to the performance that follows. In the real world, the contracting process is not divided into independent phases. What happens during a negotiation has a profound impact on the contract and on the performance that follows. The contract’s legal content should reflect the realities of what happened at the bargaining table and the performance that is to follow. This book, in contrast to others, covers the entire negotiation process in chronological order beginning with your decision to negotiate and continuing through the evaluation of your performance as a negotiator. A business executive in one of the negotiation seminars the author

teaches as a University of Michigan professor summarized negotiation as follows: "Life is negotiation!" No one ever stated it better. As a mother with young children and as a company leader, the executive realized that negotiations are pervasive in our personal and business lives. With its emphasis on practical action, and with its chronological, holistic approach, this book provides a roadmap you can use when navigating through your life as a negotiator.

Computerworld John Wiley & Sons
The Google Resume is the only book available on how to win a coveted spot at Google, Microsoft, Apple, or other top tech firms. Gayle Laakmann McDowell worked in Google Engineering for three years, where she served on the hiring committee and interviewed over 120 candidates. She interned for Microsoft and Apple, and interviewed with and received offers from ten tech firms. If you're a student, you'll learn what to study and how to prepare while in school, as well as what career paths to consider. If you're a job

seeker, you'll get an edge on your competition by learning about hiring procedures and making yourself stand out from other candidates. Covers key concerns like what to major in, which extra-curriculars and other experiences look good, how to apply, how to design and tailor your resume, how to prepare for and excel in the interview, and much more Author was on Google's hiring committee; interned at Microsoft and Apple; has received job offers from more than 10 tech firms; and runs CareerCup.com, a site devoted to tech jobs Get the only comprehensive guide to working at some of America's most dynamic, innovative, and well-paying tech companies with The Google Resume.

A visual and accessible guide to JavaScript and jQuery in a built-to-last hardcover edition In JavaScript & jQuery renowned author Jon Duckett discards the traditional programming book template and approaches writing code in a more relevant, less intimidating way. Full-color and packed with instructional graphics and photos, his books have gained a loyal following by illustrating programming in a way both instructive for newcomers and invaluable for seasoned coders. By discussing JavaScript and jQuery in a single text, Duckett ensures you will quickly be writing your own working scripts. Yet the book doesn't assume you have experience in either JavaScript or jQuery. By making use of popular jQuery plugins, Duckett illustrates techniques that would require pages upon pages of detailed explanation if you were being taught to create the plugins yourself. This durable and attractive hardcover edition is a book you will have open on your desk as a reference for years to come. A timeless and lasting version of a classic "Duckett" book in a hardbound, dust-jacketed edition Completely accessible to those who feel intimidated by the subject matter and relevant to all front-end designers and developers who need to understand JavaScript Discusses applying responsive

design techniques, leveraging APIs to save you time and work in coding, and identifying when to use CSS transforms over pure JavaScript Beautiful 4-color illustrations and examples make this a terrific academic resource for those of all experience levels JavaScript & jQuery clearly explains the jargon of programming, addressing the vocabulary without making it a prerequisite for readers. Duckett speaks directly to readers, making this an invaluable resource. This book is also available as a set, Web Design with HTML, CSS, JavaScript and jQuery Set 978119038634 along with HTML and CSS Design and Build Websites 9781118871645. *Negotiating for Success: Essential Strategies and Skills* Parlor Press LLC Dream jobs remain hauntingly elusive to many.
