September 2013. 2
How to Use This Document This document is intended as a sample template

that can be copied and edited to suit a particular software engineering project. It was assembled from a combination of documents [1], [2], and [3].

Outline of software engineering - Wikipedia

2. Writing a Software Project Proposal.

Software engineering proposal is a document that a software developer submits to a business customer for acceptance. The proposal describes

the problem to be solved and explains the resulting benefits to the customer.

What is Important in a Software Proposal. The key for a great proposal is to invent a great idea.
