Please keep in mind that these manuals may span several carburetor models and may not be your exact carburetor. Use these manuals as a general reference only. Don't forget to visit the technical pages for your specific carburetor. More manuals for specific carburetors may be available there. **Aisan Rebuild Manual**

Manual Solex 32 Didta - download.truyenyy.com

Remove the pilot jet (34) (sometimes called the "idle" jet) from the right side of the carburetor. Its the one in a channel heading down to the boottom of the carburettor. Take note of the size and position of this jets as it's easy to mix up with the power (Aux) jet next to it - they will happily screw into each other's position.
