Solution-Focused Therapy was developed in Milwaukee, Wisconsin the late 1970's and is a successful tool for helping those in individual therapy, family therapy, or couples therapy. As the name indicates, Solution-Focused Therapy is goal-oriented, and focuses on achieving solutions to the problems that clients are experiencing.

## What is Solution-Focused Therapy: 3 Essential Techniques

We utilize a variety of solution focused couples therapy methods, but the foundation of our retreat is built on the two most effective modalities to address relationship issues and individual trauma; EFT and EMDR. EFT (Emotionally Focused Therapy) works with attachment principles — our hard-wired need for connection with each other.

Couples Therapy - Solution Focused Couples Therapy

Couples therapy is most effective when the participants are committed to change — both for themselves and for their relationship. As with all therapeutic approaches, outcomes will range from reunification to permanent separation and every solution in between. Your goals are yours — I am here to guide you through your journey so you both can make the necessary changes you need to thrive.

Solution-focused therapy is a type of treatment that highlights a client's ability to solve problems, rather than why or how the problem was created. It was developed over some time after observations of therapists in a mental health facility in Wisconsin by Steve de Shazer and Insoo Kim Berg and their colleagues.

## Why an Ultimate Solution Focused Couples Therapy Retreat?

But with Solution-Focused Therapy (SFT) you can provide rapid, meaningful results for the couples in your care and help them build their ideal future together. SFT is an evidence-based approach to psychotherapy that focuses on your clients' greatest desired outcomes instead of the problems to be reduced.

## Solution Focused Brief Couples Therapy Tips - YouTube

In the first book written about solution focused therapy (SFT) with couples, author Elliott Connie describes how his use of SFT made working with couples a pleasure rather than a burden. The solution focused approach is one that facilitates cooperation between partners in the creation of an agreed-upon future, rather than merely focusing on the problems that have come to define the relationship.

What is Solution-Focused Therapy?

Solution-focused therapy helps you to do more of what is already

working in your marriage. The therapist can assist you to find

"exceptions," that is, when the problem is absent. Then you can use

these exceptions as the pathways to future solutions. In fact, finding

solutions begins at your first telephone contact with the therapist,

when you set up the appointment.

Solution-focused therapy, also called solution-focused brief therapy (SFBT), is a type of therapy that places far more importance on discussing solutions than problems (Berg, n.d.). Of course, you must discuss the problem to find a solution, but beyond understanding what the problem is and deciding how to address it, solution-focused therapy will not dwell on every detail of the problem you are experiencing.
