SFBT Treatment Manual - HSD

Solution-focused therapy is a type of treatment that highlights a client's ability to solve problems, rather than why or how the problem was created. It was developed over some time after observations of therapists in a mental health facility in Wisconsin by Steve de Shazer and Insoo Kim Berg and their colleagues.

Solution Focused - Basic Counseling Skills

Solution-Focused Brief Therapy (SFBT), also called Solution-Focused Therapy (SFT) was

developed by Steve de Shazer (1940-2005), and Insoo Kim Berg (1934-2007) in collaboration with their colleagues at the Milwaukee Brief Family Therapy Center beginning in the late 1970s. As the name suggests, SFBT is future-focused, goal-directed, and focuses on solutions, rather than on the problems that brought clients to seek therapy.

Therapeutic Focus Described. Solution-focused family therapy is a psychotherapeutic approach that works to find, develop

and work on solutions based on the family ' s resources, rather than working on problem-solving, which is based more on what is wrong with the family their issues.
Solution-focused family therapy is intended to be brief in duration, covering no more than three to five sessions.
What is Solution-Focused Therapy: 3 Essential Techniques
Solution-Focused Brief Therapy is different in many ways from traditional approaches to treatment. It is a competency-based model, which minimizes emphasis on past failings and problems, and instead focuses on clients ' strengths and previous successes.
Solution-Focused Planning and Assessment
Solution Focused Therapy has a very specific format for asking the client questions which keeps the client focused on the present and future. Questions about the past are primarily a means of gathering information about the client and showing the therapist ' s empathy.

Solution-focused therapy, also called solution-focused brief therapy (SFBT), is a type of therapy that places far more importance on discussing solutions than problems (Berg, n.d.). Of course, you must discuss the problem to find a solution, but beyond understanding what the problem is and deciding how to address it, solution-focused therapy will not dwell on every detail of the problem you are experiencing.
