Then comes preliminary design  
of the selected solution, then  
presentation design, planning  
for manufacture, planning for  
distribution, planning for use,  
and finally, planning for  
retirement of the product. This  
book studies these aspects with  
relevance to machines. It  
begins with an introduction to  
the machine design process,  
then examines engineering  
materials and their properties.
