Regardless of the subject-
matter, since Economics is
a practical subject which is
more to do with the

applicability of economic
concepts and theories, it
should be assumed that the
chapter incorporates the
use of case studies and
some specifically picked
economists whose ideas are
in positive correlation to the
topic(s) at hand.

Development
promises a real growth
by enhancing total
income and standard of
living of a person.

Different people have
different development
goals. The
development goals are
varying from people to
people. For

example, a girl from a
rich urban family gets
as much freedom as
her brother and is able

to decide what she
wants to do in life.

Discuss. For each of the sectors that we came across in this chapter, one should focus on employment and GDP because they decide the extent of the economy of a country and the stipulation of the economy. A focus on employment and GDP helps us to determine two important things- per capita income and productivity.
