Business Benchmark Upper Intermediate Business Vantage Student's Book Cambridge University Press
English Unlimited is a six-level (A1 to C1) goals-based course for adults. Centred on purposeful, real-life objectives, it prepares learners to use English independently for global communication. Through universal topics and activities, and a focus on intercultural competence as a 'fifth skill', this international coursebook helps learners become more sensitive,

more effective communicators. Teaching natural, dependable language, and with CEFR goals at its core, it brings real life into the classroom and gives learners the skills and strategies to communicate confidently outside it. The 'Explore' sections provide the extra ingredients for enhancing communicative ability, from further development of speaking skills to independent learning strategies. The English Unlimited Upper Intermediate A Combo with

DVD-ROM includes Coursebook Units 1 to 7 as well as the e-Portfolio and Self-Study DVD-ROM.

Solutions: Pre-Intermediate: Workbook
IGI Global

Student Book: Specific listening and word skills lessons, to help develop well-rounded, confident communicators. Student Book: Additional resources, including exam skills trainer sections and extra speaking practice help consolidate what students have covered in

the lessons. Student Book: Exam skills trainer sections prepare students for typical school-leaving/Cambridge tasks, and provide them with the language, strategies, and exam skills they need to achieve success. Student Book: Culture Bank includes 9 ready-to-use culture lessons linked to the topic and language of the main units, providing extra reading and listening practice. Online Practice: A particular focus on more in-depth practice of

grammar, vocabulary, reading, writing, listening, and speaking skills. Online Practice: Media-rich content (vox pops, vlogs, grammar animations) with interesting and engaging topics and texts. Online Practice: Automatic marking with instant feedback, and progress tracked in the gradebook to save time. Online Practice: Content aligned to the CEFR and the Solutions syllabus which complements and extends the contents of the book.

Solutions Intermediate OUP Oxford

An innovative, new multi-level course for the university and in-company sector. Business Advantage is the course for tomorrow's business leaders. Based on a unique syllabus that combines current business theory, business in practice and business skills - all presented using authentic, expert input -

the course contains specific business-related outcomes that make the material highly relevant and engaging. The Business Advantage Intermediate level books include input from the following leading institutions and organisations: the Cambridge Judge Business School, IKEA, Emirates NBD, Isuzu and Unilever - to name but a few. The Student's Book comes with a free DVD of video case studies.

Solutions: Pre-Intermediate: Workbook and Audio CD Pack
LISTEN FIRST! Shhh... Listen. Hear that? That's the sound of your business. The conversations taking place online and in the marketplace tell you nearly everything you need to know about your company and your customers—what people are saying about you, how they use your products, whether they'll buy or recommend your product, and how they respond to your marketing and advertising. Listening

provides unrivaled insight. If you do it right, you'll have a decisive edge over your competition as you adapt faster to customer needs and market changes. Listening is ultimately about gaining business advantage. Based on authoritative research from the Advertising Research Foundation, Listen First! delivers a playbook for marketing and advertising success-fully in our conversational era. This book explains what listening is, how to do it, how it's used, and where it's headed. Done well, social media

listening uncovers pivotal insights that guide marketing as well as product development, customer service, and just about all business functions that touch customers and other stakeholders. You'll learn the tools, winning plays, and proven tactics for listening so that you can: Understand what customers are thinking, feeling, and doing in their lives that affect demand and interest in your products or services Identify threats to your reputation See how customers position competing brands in their	minds, not as advertisers position them Sense market shifts that threaten existing business or present new opportunities Develop new products or refine your current lineup by bringing customer voices into R&D, innovation, and concept testing Make your messages more relevant and sharpen targeting by directing messages to people according to their conversational interests Keep sales humming, even when business conditions might be unfavorable—or better predict short-term	sales based on the volume and specifics of conversational activity Determine competitors' strengths and weaknesses Plan and buy advertising based on where conversations are happening Organize your company to maximize listening's value across all its departments Listen First! gives you evidence, research, and expert viewpoints that will enable you to take advantage of listening and build your business over the short term and for the long haul. If you want your
--	--	---

company to have a sustainable business advantage in an uncertain world, it is time to start—and act on—listening.

**Oxford English
for Academic Purposes
Intermediate Student
Book (B1+)** Cengage
Learning

A comprehensive guide to managing communication within organisations, the Handbook recognises Internal Communication's continued growth as a management discipline. It is aimed at leaders who

want insight into IC techniques for use in both day-to-day operational and change situations, for example, and also at the communication specialist seeking shared wisdom and new ideas. Early chapters examine changes in the strategic context in which today's IC departments are operating. These include organisations' increasing need for innovation and responsiveness in a superfast changing environment; employees'

increasing assertion of rights and personal requirements at work; management's increasing recognition of the importance of corporate reputation/brand value, particularly how to sustain and extend it; and finally, the effects on work and management patterns of digital communication. Step-by-step guides introduce the reader to creating IC strategies and to carrying out research and measurement.
