A fun, funny, yet practical gift book containing 100 removable stickers that congratulate supposed grown-ups on a job well done... or at least a job done. Despite official reports, members of Generation X and younger feel completely and totally ill-prepared to deal with anything. They still, as purportedly self-sufficient adults, look toward Baby Boomers and the Greatest Generation and think, How did they do that? So the easiest and best way to find comfort is to look not ahead at uncertainty (or, heaven forbid, around at the chaos currently surrounding them), but to the past to their simpler childhoods. The generation who championed the coloring book-as-relaxation trend grew up in a world in which they spent hours obsessing over, trading, and decorating with stickers. And it is with brightly colored stickers that they will finally find peace of mind. For a little while, at least. Filled with 100 full-color removable stickers that can be used to decorate journals, notebooks, or your lapel to proudly and publicly proclaim life 's little victories, I Adulted! is the ideal nostalgic and practical book for anyone who feels a sense of accomplishment by making it through a day without calling their mother for help.

Newly updated and expanded with 3,500 step-by-step photographs, all the classics of French patisserie are made accessible for the home cook. For every serious home baker, French pastry represents the ultimate achievement. But to master the techniques, a written recipe can take you only so far—what is equally important is to see a professional in action, to learn the nuances of rolling out dough for croissants or caramelizing apples for a tarte tatin. For each of the 233 recipes here, there are photographs that lead the reader through every step of the instructions. There has never been such a comprehensive primer on patisserie. The important base components—such as crème patisserie, pâte à choux, and chocolate ganache—are presented as stand-alone recipes. Once comfortable with these, the home baker can go on to tackle the famous and more complex creations—such as Éclairs, Saint-Honoré, Opéra—as well as feel empowered to explore new and original combinations. An entire chapter is devoted to decoration as well as sauces, syrups, and fillings. Whether used to develop skills or to refine techniques, to gain or simply broaden a repertoire, Patisserie dispels the mystery around classic French pastries, so that everyone can make them at home.

"Lucid, accessible" research on classroom language bias for educators and "parents concerned about questions of power and control in public schools" (Publishers Weekly). In this collection of twelve essays, MacArthur Fellow Lisa Delpit and Kent State University Associate Professor Joanne Kilgour Dowdy take a critical look at the issues of language and dialect in the education system. The Skin That We Speak moves beyond the highly charged war of idioms to present teachers and parents with a thoughtful exploration of the varieties of English spoken today. At a time when children who don't speak formal English are written off in our schools, and when the class- and race-biased language used to describe those children determines their fate, The Skin That We Speak offers a cutting-edge look at this all-important aspect of education. Including groundbreaking work by Herbert Kohl, Gloria J. Ladson-Billings, and Victoria Purcell-Gates, as well as classic texts by Geneva Smitherman and Asa Hilliard, this volume of writing is what Black Issues Book Review calls "an essential text." "The book is aimed at helping educators learn to make use of cultural differences apparent in language to educate children, but its content guarantees broader appeal."
—Booklist "An honest, much-needed look at one of the most crucial issues in education today." —Jackson Advocate

A furious debut novel from Andrew Joseph White about embracing the monster within and unleashing its power against your oppressors. Perfect for fans of Gideon the Ninth and Annihilation. Sixteen-year-old trans boy Benji is on the run from the cult that raised him—the fundamentalist sect that unleashed Armageddon and decimated the world’s population. But when cornered by monsters born from the destruction, Benji is rescued by a group of teens from the local Acheson LGBTQ+ Center, affectionately known as the ALC. The ALC’s leader, Nick, is gorgeous, autistic, and a deadly shot, and he knows Benji’s darkest secret: the cult’s bioweapon is mutating him into a monster deadly enough to wipe humanity from the earth once and for all. Still, Nick offers Benji shelter among his ragtag group of queer teens, as long as Benji can control the monster and use its power to defend the ALC. Eager to belong, Benji accepts Nick’s terms...until he discovers the ALC’s mysterious leader has a hidden agenda, and more than a few secrets of his own.
