Nowhere is the richness and variety of the English Renaissance better shown than in the dramatic works of the period which combined to an unusual degree the arts of poetry, music, acting, and dance. This collection of essays by a number of distinguished scholars offers a series of views of the music of this drama—ranging from the mystery cycles still performed in the late sixteenth

century to the cavalier drama of the early seventeenth. The essays included here are mainly concerned with the minor dramatic forms—the mystery plays, the "entertainments," the masques, and the works of such playwrights as Marston and Cartwright—which reveal more extensively the blending of music and drama; and they illustrate a variety of approaches to the dramatic art. The collection as a whole demonstrates the need for an interdisciplinary consideration of this important area of study. Of especial value to musicologists is the bibliography of extant music used in dramatic works of the period.

Order of Christian Funerals Catalogue of Vocal Solos and Duets Arranged in Biblical Order

The second edition of *A Catalogue of Vocal Solos and Duets Arranged in Biblical Order* serves as a companion volume to *A Catalogue of Choral Music Arranged in Biblical Order* (Second edition, 1996, and supplement, 2001, both published by Scarecrow Press). It is a necessary tool for the church musician to coordinate music with the scripture readings and/or the sermon topic and a valuable aid to the vocal soloist seeking a work using a particular biblical text. The work serves as a working document for the church musician, soloist, or voice teacher. Titles are arranged in the same order as found in the Bible. Each entry

contains title, composer, voice range/type, and publisher information. Two indexes are also included: a title index and a composer index.

There are some things which cannot be learned quickly, and time, which is all we have, must be paid heavily for their acquiring. They are the very simplest things, and because it takes a man's life to know them the little new that each man gets from life is very costly and the only heritage he has to leave. In the winter of 1933, Ernest Hemingway and his wife Pauline set out on a two-month safari in the big-game country of East Africa, camping out on the great Serengeti Plain at the foot of magnificent Mount Kilimanjaro. "I had quite a trip," the author told his friend Philip Percival, with characteristic understatement. Green Hills of Africa is Hemingway's account of that expedition, of what it taught him about Africa and himself. Richly evocative of the region's natural beauty, tremendously alive to its character, culture, and customs, and pregnant with a hard-won wisdom gained from the extraordinary situations it describes, it is widely held to be one of the twentieth century's classic travelogues.

In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But

when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will.
