Plug it in, turn it on, and open the app. Setting up, installing, and controlling your Sonos system is as easy as that. Sonos is committed to making your listening experience effortless, from setting up the first speaker to custom-tuning the fifth.

Before you plug your speaker in, you'll need to download the app to your smartphone or tablet so you're ready to start the setup. In our setup, we're using an Android phone and a Sonos One speaker, so some screens might look slightly different if you're using an iPhone and a different Sonos speaker, but the steps should be the same.
