Scorpion Trail Pan Macmillan

...there is nothing more still than a dead body, and no

mistaking it for anything else. This one was naked, covered with a glaze of ice. Even the long black hair that fell in tendrils across her face was encased in ice. It was as if she were under a spell – the victim of a jealous wizard, a wicked witch. [The Delicate Storm, page 164] Algonquin Bay is wrapped in a thick blanket of fog; an eerie prophecy of weather on its way, or perhaps something more ominous. When a local man discovers a dismembered arm in his front yard, it seems that the long fingers of fog that strangle the city are also hiding a grisly secret. While at first the discovery is thought to be the work of ravenous bears, woken early from their long winter hibernation, the coroner later confirms that the victim was actually sawn into pieces rather torn. The case becomes even murkier when a local trapper confesses to cutting up the body and scattering the remains but claims to be innocent of committing the murder. Detectives John Cardinal and Lise Delorme have their work cut out for them. After identifying the victim as Howard Matlock, New York city resident, a new player enters the ring: the RCMP. In any case involving an American, the RCMP shares jurisdiction with the Algonquin Bay Police Department and that means Corporal Malcolm Musgrave. A blustering wall of self-importance and attitude, Musgrave has Cardinal bristling, and he reminds Delorme of a betrayal she'd rather forget. To add insult to injury, Delorme is pulled off the case and Cardinal ends up in a partnership not only with Musgrave, but with the unbearably obsequious Calvin Squier, an agent of the Canadian Security Intelligence Service (CSIS). When Cardinal makes the surprising discovery that Howard Matlock is alive and well, he begins to suspect that not everyone involved in the case is working towards the same goal. The body parts add up to one Miles Shakeley, a CIA operative in Montreal in 1970, and Cardinal becomes suspicious that CSIS is somehow involved. Meanwhile, the case of a missing woman in Algonquin Bay is occupying Delorme. When the body of Dr. Winter Cates is uncovered in a glaze of ice, Delorme is convinced that a jealous boyfriend is to blame. But when blood evidence bonds Cardinal and Delorme's cases, they are back together and travelling to Montreal to track down tenuous leads. And it is there that they discover that their cases reach far beyond the town limits of Algonquin Bay. Untangling the secrets of a government in crisis, cover-ups, and the meddling of American intelligence agencies, they are eventually led back to where they started – and to a suspect who is untouchable.

Jeffrey Archer's final volume in his trilogy of prison diaries covers the period of his transfer from a medium security prison, HMP Wayland, to his eventual release on parole in July 2003. It includes a shocking account of the traumatic time he spent in the notorious Lincoln jail and the events that led to his incarceration there, and also shines a harsh light on a system that is close to its breaking point. The Money Makers St. Martin's Press

Hell, the first volume in Jeffrey Archer's *The Prison Diaries*, is the author's daily record of the time he spent there. The sun is shining through the bars of my window on what must be a glorious summer day. I've been incarcerated in a cell five paces by three for twelve and a half hours, and will not be let out again until midday; eighteen and a half hours of solitary confinement. There is a child of seventeen in the cell below me who has been charged with shoplifting - his first offence, not even convicted - and he is being locked up for eighteen and a half hours, unable to speak to anyone. This is Great Britain in the twenty-first century, not Turkey, not Nigeria, not Kosovo, but Britain. On Thursday 19 July 2001, after a perjury trial lasting seven weeks, Jeffrey Archer was sentenced to four years in jail. He was to spend the first twenty-two days and fourteen hours in HMP Belmarsh, a double A-Category high-security prison in South London, which houses some of Britain's most violent criminals. This is his illuminating

insight into prison life.

Nearly a decade after his last volume of short stories was published, Jeffrey Archer returns with his eagerly-awaited, brand-new collection TELL TALE, giving us a fascinating, exciting and sometimes poignant insight into the people he has met, the stories he has come across and the countries he has visited during the past ten years. Find out what happens to the hapless young detective from Naples who travels to an Italian hillside town to find out Who Killed the Mayor? and the pretentious schoolboy in A Road to Damascus, whose discovery of the origins of his father ' s wealth changes his life in the most profound way. Revel in the stories of the 1930 ' s woman who dares to challenge the men at her Ivy League University in A Gentleman and A Scholar while another young woman who thumbs a lift gets more than she bargained for in A Wasted Hour. These wonderfully engaging and always refreshingly original tales prove not only why Archer has been compared by the critics to Dahl and Maugham, but why he was described by The Times as probably the greatest storyteller of our age.
