<p>If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed</p>	<p>quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site</p>	<p>working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site. Grandma's Dead Chronicle Books Avoid the messy confrontations that accompany delivering bad news personally and let one of these cute baby animal postcards deliver the devastating message for you. Are you afraid to tell your girlfriend that her ass looks fat? Do you need to explain to your nephew that dreams</p>
--	--	--

---

don't come true? Why not let a cute, fuzzy bunny do it for you! We understand how hard it is to tell someone that you're sleeping with his wife, so let a photograph of a duckling sleeping on a teddy bear soften the blow. These perforated postcards answer all of your cowardly prayers—you'll finally be able to tell the truth without ever conquering your fear of confrontation. Let these adorable baby animals supply a silver lining to any bad situation and avoid, a long, tearful afternoon explaining why daddy's never coming home.

Infoweek Gale Ecco, Print Editions

A must-have read for anyone looking to take their independently-produced film or video into the 3rd dimension. The text features technical, practical, and inspirational insight from the visionaries who've been producing 3D film and video for decades, not just in the recent past. They offer low-cost techniques and tricks they've been implementing themselves for years. A variety of styles are discussed, from full CG to time lapse - even a film made during a freefall skydive jump! The filmmakers discuss \*

- \* Options for on-set playback
- \* Preparing for final playback in various formats
- \* Adapting existing technology to your needs
- \* Post production software choices

\* Working with computer graphics in 3D This book includes 3D glasses and a companion YouTube channel featuring the work of the filmmakers featured in the book (which you can view in 3D with the glasses), as well as the opportunity for you to upload your own videos for critique and feedback from the author

---

and others. 3D glasses are not included in the purchase of the e-book of 3-DIY. If you have purchased the e-book, and would like a pair of 3D glasses, please contact the publisher at [Dennis.McGonagle@taylorandfrancis.com](mailto:Dennis.McGonagle@taylorandfrancis.com)

Caseworker I

In 1985, forty hooligan followers of Stoke City FC experienced a riotous trip to Portsmouth - and the Naughty Forty was born. It became one of the most notorious soccer gangs in Britain. Mark Chester was a founder member of the N40. Already a hardened fighter, he had been expelled from school after an unsettled childhood and joined the

Staffordshire Regiment, only to be discharged for misconduct. Stoke City's emerging 'casual' mob became his family. 'Right or wrong, I was ready to be a committed football hooligan,' he says. He recounts tales of raucous coach trips from the Glebe pub and the pivotal clashes with the likes of Everton, Manchester United and West Ham that defined the new firm. Formidable characters came to the forefront, men like the giant Mark Bentley, Philler the Beast and the legendary Miffer, while hair-raising clashes with the likes of Millwall, Spurs, Aston Villa and Manchester City saw the gang's reputation spread. The N40 code was simple: whatever the odds,

they would always make a stand. Many times they fought when heavily outnumbered yet often came out on top. They developed a closeness and cohesion rare among the football gangs. Loyalty was their watchword. Soon they were joined by the Under-Fives, a younger element determined to win acceptance from the terrace legends they admired and who carved out their own niche as well as fighting side by side with the old-school heads. Police operations, bans from the ground and the introduction of ID schemes have prevented many from attending games, but the author, long 'retired' from the scene, argues that in the new millennium the gangs are back -

---

and as ferocious as ever.

NAUGHTY is essential reading for anyone wishing to understand the illicit but seductive lure of terrace combat, the emotional ties of a gang and the addictive buzz of Saturday afternoons.

The Biopolitics of Gender  
Sudoku Genius Mind Exercises, Volume 1: Happy Camp, California State of Mind Collection Description: 5x8 expertly bound book with 106 pages of simple to extreme Sudoku puzzles (solutions included!). All Book covers are designed by Coco Piracci -- they're collectable editions. Great for you or as a gift. Kids, teens, adults and seniors all

love doing Sudoku. In Volume 1 of Sudoku Genius Mind Exercises: Happy Camp, California State of Mind Collection, you have enough Sudoku puzzles for a whole month - one Sudoku a day! When you're done, get Volume 2. Once you start doing Sudoku puzzles, you'll never want to stop. And there's a good reason why! Just like physical exercise, your mind requires training too! Here are the marvelous advantages of playing Sudoku: Improves your memory: Your memory and logic are fully activated when you are playing Sudoku. We use our memory to

remember numbers we are considering, and we use logic to figure out the potential answer in the next blank. Stimulates your mind: Playing Sudoku trains your logical thinking processing. It also helps you improve your numeracy skills. Reduces your chances of developing neurodegenerative diseases: Playing Sudoku keeps your brain stimulated. Improves your decision-making skills: Not only is playing Sudoku exciting, but it helps you learn how to make a decision and take action with less hesitation. Increases your concentration skills: Sudoku

---

requires players to evaluate strategically and solve obstacles creatively. If you get interrupted in the middle of solving a puzzle, you'll have to restart the whole thinking process again, which helps you to develop your concentration and re-focusing skills. Feel Satisfied! Sudoku gives you a sense of fulfillment when you can solve a puzzle, especially if the puzzle is a difficult one. By playing Sudoku daily, you'll learn how to solve puzzles faster and eventually advance to harder levels. Exercise your mind, and you will become more content and smarter too!

From now on, play Sudoku every day. Note: We specialize in local publishing. We have many Sudoku Genius volumes available and other great books too! For additional Sudoku book editions, Search for: Sudoku Genius Mind Exercises: Happy Camp, California State of Mind Collection To view our full range of books for Happy Camp, California search for: Happy Camp, California State of Mind Collection Papab ä r Albert the Confused Manatee is a story about one animal's quest to figure out what kind of animal he is. With the help of

15 undersea friends Albert learns about what he has in common with other animals as well as makes him different. Ideal for ages 3-5. Can Religion be Taught? This title provides a theoretically and methodologically new and distinct approach to gender through the frameworks of biopolitics and genealogy, theorising it as a historically specific apparatus of biopower. Through the use of a diverse mix of historical and contemporary documents, the book

---

explores how the problematisation of intersex infant genitalia in 1950s psychiatry propelled the emergence of the gender apparatus in order to socialise sexed individuals into the ideal productive and reproductive subjects of White, middle-class postwar America.

Albert the Confused  
Manatee

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping

made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The Age of Enlightenment

profoundly enriched religious and philosophical understanding and continues to influence present-day thinking. Works collected here include masterpieces by David Hume, Immanuel Kant, and Jean-Jacques Rousseau, as well as religious sermons and moral debates on the issues of the day, such as the slave trade. The Age of Reason saw conflict between Protestantism and Catholicism transformed into one between faith and logic -- a debate that continues in the twenty-first century. + + + +

newsmen, and hawkers, in town and country, [1795?]. 24p.: ill.; 12 °  
3DIY  
Let your child enter the beautiful, magical world of fairies! Includes over 60 high-quality, cute and very well drawn illustrations. All designed to put your child's imagination and creativity to work! Each picture is on one page. It is NOT double sided which you'll love because then markers can be used. The book is appropriate for children between 3 and 8 years old, although kids of all ages can still have a great fun with this. Filled with cute and beautiful fairies, magical castles, friendly dragons, and all sorts of

funny fairy tales characters, the book will definitely make your child happy and help her have lots of fun.

Eye-Popping 3-D Pets:  
Phantogram Animals You Can Practically Pet!

Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should

---

not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book

for people wishing to learn about PRINCE2 and prepare for the foundation exam.

ECDL Advanced Spreadsheet Software Using Excel 2013 (BCS ITQ Level 3)

This cute 19th Birthday Gift Journal / Diary / Notebook makes for a great birthday card / greeting card present! It is 6 x 9 inches in size with 110 blank lined pages with a white background theme for writing down thoughts, notes, ideas, or even sketching.

PHP & MySQL: The Missing

Manual

The Caseworker I Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: case histories in social services casework programs; interviewing; preparing written material; principles and practices of social casework; and more.
