And that's why we've tested and retested hundreds of recipes to give you the guidance and the confidence to make everything from the perfect zucchini bread -- one that your neighbors will actually want to eat -- to light and flaky croissants that are (almost) as good as what you will find on the streets of Paris. Charlotte Goodman has had enough surprises. In fact, she reached her life's quotient when her husband of five months walked out on her, only to abruptly change his mind a few weeks later and move back in. Stung by a whiplash of grief, resentment, and confusion, Charlotte calls a time-out, taking a small apartment where she can figure out what she wants. Instead, the thought of making even the simplest choices triggers an anxiety attack. In order to get out of bed in the morning, she must concoct a to-do list for each day, The Plan, one with absolutely no surprises. "Without The Plan, horrible things can happen. I'm likely to end up sitting on a curb beside a taco truck on Sunset Boulevard, crying over a carne asada burrito, wondering where my marriage went. I can't handle being the Weeping Burrito Girl." Charlotte knows all this self-absorbed introspection isn't good for her, but she's running out of people to turn to, as seemingly everyone in her life is pressuring her to make an immediate decision about her future. Then her new friend Francesca—an impulsive, smartass co-worker—offers Charlotte salvation in the unlikeliest of places: the fast-paced, super-tough, bump-and-bruise-filled world of roller derby. Sure, it's dangerous. Yeah, she could get hurt. But what's a little physical pain when healing your soul is at stake? The question is: whether she's on or off the track, will Charlotte be strong enough to stand on her own two feet?

A critical text on feedback and assessment for all teacher educators. Feedback can be key to learning, but its potential value is not always fulfilled in practice. Developing a more nuanced understanding of feedback is particularly crucial in the ITE sector where ITE students receive feedback as learners but also give feedback to their pupils, and teacher educators need to provide feedback to their students and also guide them to give effective feedback to their pupils. This book explores what feedback means in the ITE sector and more broadly within education. It discusses the relational, pedagogical and moral dimensions of feedback conceptualized by student teachers, drawing on research data and supporting teacher educators considering the implications for their own practice. It includes discussion of placement and academic assessment / feedback practice as well as referencing the Teachers' Standards, the Core Framework for ITT and recommendations from the Carter Review.

Hip Hop - you already know the history, now uncover the mystery.

Warning! This book is not for everyone. If you feel that there's nothing wrong with the current state of Hip Hop, then this book is not for you. If you feel that gangsta rap, pimpin hos, violence, drugs, thug activity, and half naked women in videos have elevated Hip Hop as an art form; then this book is definitely not for you. If, on the other hand, you feel that listening to the same songs over and over on the radio that are laced with negative lyrics, watching soft porn or graphically violent videos, while reading the watered down Hip Hop magazines that endorse this way of life has shaped the minds of our youth, and are collectively being used as part of a mind control operation to mentally and spiritually enslave our future generations; then welcome to... It's REEL. A concern for sincerity, and a new nostalgia, that will get inside your head and keep vividly playing itself back. This riff off It's A Wonderful Life is the one-of-a-kind hope for love to rescue us that so many authors not named Jeff Jarot wish they could write and the sort of dreamy results rarely seen in reality or the world of fiction. -Ricardo Cortez Cruz, author of Straight Outta Compton and Five Days of Bleeding Heartfelt and probing, Jeff Jarot's Zuzu's Petals illuminates the difficulty of living in a digital present while still longing for a receding, but more human, past. -Curtis White, author of We, Robots; The Middle Mind; The Science Delusion; Memories of My Father Watching TV; and others Like Nicholson Baker's U and I, Jeff Jarot's Zuzu's Petals is a freewheeling and inventive personal exploration that tries to come to terms with a cultural obsession, and in the process gives us new insights into a world driven by technology, pop culture, and consumerism. By turns nostalgic and philosophical, Zuzu's Petals is a lively and fascinating meditation on who we are and why we always seem to be falling short of those cultural images that continue to shape us. -James Plath, author of Historic Photos of Ernest Hemingway and Conversations with John Updike Zuzu's Petals earns our respect by tackling difficult and uncomfortable questions through an absorbing narrative and a cast of characters about whom we care. We follow the multi-genre story not only through traditional description and dialogue, but also through exchanges of text messages, a child's school essay, photographs, drawings, and fantasy scenes rendered in the form of film scripts. In the end, Zuzu's Petals makes us, in Zuzu's words, "pay attention" in new ways. -Bob Broad, author of What We Really Value
