Zuzu's Petals is about present society's obsession with the past, entertainment, escape, and technology. It suggests that, for better or worse, life necessarily must be lived in within the confines of the "culture industry." The story relates the travails of Jules and Julie, a couple whose marriage is in the process of breaking apart. Jules has a "fanboyish" obsession with the 1946 Frank Capra film *It's a Wonderful Life*. Like the protagonist in Samuel Beckett's *Krapp's Last Tape*, he is fixated on his own past, and his eccentric behavior has caused his disenchanted wife to seek romantic and emotional solace in David, an old flame from high school. Their child, Zuzu, who was named at Jules' insistence after a key character in the Capra film, has herself sensed that something is amiss in her parents' dealings with each other. The story is set centrally during a Christmas pageant during which parents are watching the event entirely through the mediated lens of a video camera, missing the live, real event (which admittedly is itself mediated through senses, the eyes). It explores the effects that both old and new technologies have on spouses, lovers, parents,

and children, and how one attempts to negotiate worlds of reality and fiction, especially when that which is make-believe is so obviously preferred, as is the case with Jules, the central character. Digital Technologies and Learning in the Early Years Merriam-Webster

Charlotte Goodman has had enough surprises. In fact, she reached her life's quotient when her husband of five months walked out on her, only to abruptly change his mind a few weeks later and move back in. Stung by a whiplash of grief, resentment, and confusion, Charlotte calls a time-out, taking a small apartment where she can figure out what she wants. Instead, the thought of making even the simplest choices triggers an anxiety attack. In order to get out of bed in the morning, she must concoct a to-do list for each day, The Plan, one with absolutely no surprises. "Without The Plan, horrible things can happen. I'm likely to end up sitting on a curb beside a taco truck on Sunset Boulevard, crying over a carne asada burrito, wondering where my marriage went. I can't handle being the Weeping Burrito Girl." Charlotte knows all this self-absorbed introspection isn't good for her, but she's running out of people to turn to, as seemingly everyone in her life is pressuring her to make an immediate decision about her future. Then her new friend Francesca—an impulsive, smartass co-worker—offers Charlotte salvation in the unlikeliest of places: the fast-paced, super-tough, bump-and-bruise-filled world of roller derby. Sure, it's dangerous. Yeah, she could get hurt. But what's a little physical pain when healing your soul is at stake? The question is: whether she's on or off the track, will Charlotte be strong enough to stand on her own two feet?

The Great East Japan Disaster – a compound catastrophe of earthquake, tsunami, and nuclear meltdown that began on March 11, 2011 – has ushered in a new era of cultural production dominated by discussions on safety and security, risk and vulnerability, and recovery and refortification. Gender, Culture, and Disaster in Post-3.11 Japan re-frames post-disaster national reconstruction as a social project imbued with dynamics of gender, race, and empire and in doing so Mire Koikari offers an innovative approach to resilience building in contemporary Japan. From juvenile literature to civic manuals to policy statements, Koikari examines a vast array of primary sources to demonstrate how femininity and masculinity, readiness and preparedness, militarism and humanitarianism, and nationalism and transnationalism inform cultural formation and transformation triggered by the unprecedented crisis. Interdisciplinary in its orientation, the book reveals how militarism, neoliberalism, and neoconservatism drive Japan's resilience building while calling attention to historical precedents and transnational connections that animate the ongoing mobilization toward safety and security. An important contribution to studies of gender and Japan, the book is essential reading for all those wishing to understand local and global politics of precarity and its proposed solutions amid the rising tide of pandemics, ecological hazards, industrial disasters, and humanitarian crises.

Gender, Culture, and Disaster in Post-3.11 Japan Harper Collins

"As much about a father-son relationship as it is a survival story . . . his father's life philosophy . . . got him down the mountain and through life." —USA Today Norman Olstead's New York Times–bestselling memoir Crazy for the Storm is the story of the harrowing plane crash the author miraculously survived at age eleven, framed by the moving tale of his complicated relationship

with his charismatic, adrenaline-addicted father. Destined to stand with other classic true stories of man against nature—Into Thin Air and Into the Wild by Jon Krakauer; Sebastian Junger's The Perfect Storm—it is a literary triumph that novelist Russell Banks (Affliction) calls, "A heart-stopping story beautifully told . . . Norman Olstead has written a book that may well be read for generations." "A heart-stopping adventure that ends in tragedy and in triumph, a love story that fearlessly explores the bond between a father and son and what it means to lead a life without limits." —Susan Cheever, award-winning author of American Bloomsbury "An elegant memoir as well as a transformative coming-of-age tale. When he leaves his father's limp body behind on the icy plateau—giving it a final kiss and caress as it's claimed by the snow—Olstead takes his first perilous steps not just into survival, but into adulthood." —New York Post "Cinematic and personal . . . Olstead's insights into growing up in a broken home and adolescence in southern California are as engrossing as the story of his trip down the mountain." —Chicago Tribune "Riveting." —Entertainment Weekly

A journalist's access to the music icon gives this account an "authenticity that sets the book apart from other biographies about the man and the legend" (Steve Richards, *The Independent*). The man who introduced reggae to a worldwide audience, Bob Marley was a hero figure in the classic, mythological sense. From humble beginnings, with talent and religious belief his only weapons, the Jamaican recording artist applied himself with unstinting perseverance to spreading his prophetic musical message across the globe. In 1980, on tour, Bob Marley and the Wailers played to the largest audiences a musical act had ever experienced in Europe. Less than a year later, Marley would die, only thirty-six years old. Sales of Marley's albums before his death were spectacular; in the years since he died, they have been phenomenal. Chris Salewicz interviewed Bob Marley in Jamaica in 1979. Now, for the first time, in this thorough, detailed account of Marley's life and the world in which he grew up and which he came to dominate, Salewicz brings to life not only the Rastafari religion and the musical scene in Jamaica, but also the spirit of the man himself. Interviews with dozens of people who knew Marley and have never spoken before are woven through the narrative as Salewicz seeks to explain why Marley has become such an enigmatic and heroic figure, loved by millions all over the world. "As gritty, entertaining, and starry-eyed as Marley himself." —Publishers Weekly "The definitive account of the man and the myth." —Steve Richards, *The Independent* "[Salewicz] invades and illuminates Marley's privacy more effectively than previous biographers." —Robert Sandall, *The Sunday Times* (London)
