The Psychosocial Implications of Disney Movies

Everyone I Know Lives on Roads Fiction. EVERYONE I KNOW LIVES ON ROADS examines the accident scene of celebrity, fate and language, measuring the skidmarks for traces of our Oedipal selves and chalking out the metaphorical places where these three paths converge. Road ragers and rubberneckers met along the way include Kathy Acker, Alan Greenspan, Jacques Derrida, Ayn Rand, Michael Alig and James Joyce, with hourly traffic reports from Dan Rather. "Though literature is usually the most conservative of art forms, a book sometimes appears that offers exciting new possibilities. Trevor Dodge's EVERYONE I KNOW LIVES ON ROADS is one of them: with the smooth surfaces found in new-painting, with the understated riffs of new-music, the stories collected here are as lean as they are savvy, as savvy as they are funny, as funny as they are connected to the thought, life and paths of our present moment"--Steve Tomasula. Women's Health Women's Health magazine speaks to every aspect of a woman's life including health, fitness, nutrition, emotional well-being, sex and relationships, beauty and style. Early Bird Everyone says they would like to retire early, but Rodney Rothman actually did it -- forty years early. Burnt out, he decides at the age of twenty-eight to get an early start on his golden years. He travels to Boca Raton, Florida, where he moves in with an elderly piano teacher at Century Village, a retirement village that is home to thousands of senior citizens. Early Bird is an irreverent, hilarious, and ultimately warmhearted account of Rodney's journey deep into the heart of retirement. Rodney struggles for acceptance from the senior citizens he shares a swimming pool with, and battles with cranky octogenarians who want him off their turf. The day-to-day dealings begin to wear on him. Before long he observes, "I don't think Tuesdays with Morrie would have been quite so uplifting if that guy had to spend more than one day a week with Morrie." Rodney throws himself into the spirit of retirement, fashioning a busy schedule of suntanning, shuffleboard, and gambling cruises. As the months pass, his neighbors seem to forget that he is fifty years younger than they are. He finds himself the potential romantic interest of an aging femme fatale. He joins a senior softball club and is disturbed to learn that he is the worst player on the team. For excitement he rides along with a volunteer police officer on his patrols, hunting for crime. But even the criminals in his community seem to have retired. Early Bird is a funny, insightful, and moving look

at what happens to us when we retire, viewed from a remarkably premature perspective. Any reader who plans on becoming an old person will enjoy joining Rodney on his strange journey, as he reconsiders his notions of romance, family, friendship, and ultimately, whether he's ever going back to work.

Marrying the sharp insights of Jenny Offill with the dark humor of Maria Semple, *MOTHEREST* is an inventive and moving coming-of-age novel that captures the pain of fractured family life, the heat of new love, and the particular magic of the female friendship -- all through the lens of a fraying daughter-mother bond. It's the early 1990s, and Agnes is running out of people she can count on. A new college student, she is caught between the broken home she leaves behind and the wilderness of campus life. What she needs most is her mother, who has seemingly disappeared, and her brother, who left the family tragically a few years prior. As Agnes falls into new romance, mines female friendships for intimacy, and struggles to find her footing, she writes letters to her mother, both to conjure a closeness they never had and to try to translate her experiences to herself. When she finds out she is pregnant, Agnes begins to contend with what it means to be a mother and, in some ways, what it means to be your own mother.

Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney 's films and music function as a tool of the Western elite that shapes the views of those less empowered.

Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.
