Deep Zone Harper Collins

From #1 New York Times bestselling author Lauren Blakely comes the final book in the sexy, emotional and deliciously addictive No Regrets trilogy... It started as one night. It turned into a friendship. Then Harley became my everything. She owns me, heart, mind and body. And for a few brief days, our future seems bright and certain. Until, the past wraps its arms around us in so many terrible ways. Someone I never expected to see again reappears in my life. Trying to keep us apart. I 'll do anything for her, but the question is – will anything even be enough? Every Second With You is the final novel in the No Regrets Trilogy and should be enjoyed following The Thrill of

It.

Truth and Efficiency in Civil Litigation Akashic Books

In the deep zone, even the very best player can find it impossible to beat a foe who's hungry and waiting. . . . Troy White can predict a play before it happens. Star quarterback on his state football team, Troy's a natural for the 7-on-7 tournament that's being held at the Super Bowl in Miami. With any luck, his "football genius" will also be working for the Atlanta Falcons on that big day. Ty Lewis is a wide receiver with exceptional speed. His brother, an NFL star, says getting on a 7-on-7 team will prove Ty's a winner. From the moment the two football champs cross paths, Troy and Ty begin to size each other up. Troy is suspicious of Ty's interest in his friend Tate, while Ty worries his speed will never be a match for Troy's game smarts. But when the two rivals find themselves somehow tangled in the same dangerous web of deceit, they discover that they have more in common than their skill at football. Uniting Troy, first seen in the New York Times bestselling Football Genius, and Ty,

who was chased by the Mafia in *Football Hero*, Tim Green's *Deep Zone* delivers it all—vivid settings, dynamic characters, and high-stakes action on and off the field.

Every Second With You National Geographic Books

The Fifth Edition of *A History of the Roman People* continues to provide a comprehensive analytical survey of Roman history from its prehistoric roots in Italy and the wider Mediterranean world to the dissolution of the Roman Empire in Late Antiquity in A.D. 600. Clearly organized and highly readable, the text's narrative of major political and military events provides a chronological and conceptual framework for the social, economic, and cultural developments of the periods covered. Major topics are treated separately so that students can easily grasp key concepts and ideas.

A History of the Roman People Da Capo Press

A collection of essays for anyone interested in feminism, film, and avant-garde practice.

In the pursuit of justice, truth always plays a prominent role. Few, if any, legal systems are willing to waive the right to claim that the results of their legal processes are fair, just, and, above all, based

on the truth. In most legal systems, elaborate rules on the taking of evidence try to guarantee that an accurate factual basis is used for the application of the law. Such rules are the core of most methods of adjudication and they are the main theme of this book, which focuses specifically on the rules of evidence within the context of efficiency in civil proceedings. Apart from the fact that a link between the pursuit of truth and efficiency has been emphasized since the time of ancient Rome, all legal systems must find the right balance between the amount of time and money invested in the civil trial and the thoroughness of the proof-taking stage in litigation. Obviously, a system of proof that can produce trustworthy results is in need of considerable investment of time and resources, but the amount of time and resources available is not without its limits. If a proper balance between truth and the necessary time and resources cannot be found, the whole process of litigation may be endangered. (Series: *Ius Commune Europaeum* - Vol. 111)

Semiotics of Poetry Lauren Blakely Books

Professor Griff is an internationally renowned educator, writer, producer, musician, platinum recording/spoken word artist, and founding member of the pioneering and revolutionary hip hop group Public Enemy. He draws upon his own extensive entertainment industry experience and a vast reservoir of historical scholarship and research to deliver this poignant message.

Analytixz Intersentia Uitgevers N V

This book explores the emergence of a new developmental state in Latin America and its significance for law and development theory. In Brazil since 2000, emerging forms of state activism, including a new industrial policy and a robust social policy, differ from both classic developmental state and neoliberal approaches. They favor a strong state and a strong market, employ

public-private partnerships, seek to reduce inequality, and embrace the global economy. Case studies of state activism and law in Brazil show new roles emerging for legal institutions. They describe how the national development bank uses law in innovation promotion, trade law strengthens new developmental policies in export promotion and public health, and social law frames innovative poverty-relief programs that reduce inequality and stimulate demand. Contrasting Brazilian experience with Colombia and Mexico, the book underscores the unique features of Brazil's trajectory and the importance of this experience for understanding the role of law in development today.

Taylor & Francis

Presents a collection of short stories featuring noir and crime fiction about Staten Island, New York, by such authors as Todd Craig, Linda Nieves-Powell, S. J. Rozan, and Patricia Smith.

Noisy Trucks Pearson College Division

Young readers will love to feel the different textures and hear the truck sounds in this interactive, sturdy board book designed for children ages 3 and up. Includes an on/off switch on the back cover to extend battery life.

Touch, feel, and hear the trucks on every page of this sturdy board book.

Engaging photographs and appealing textures encourage young readers to explore the exciting world of trucks. Press the touch-and-feels to hear five realistic truck sounds, with a button on the last page to play all five sounds again!

[The Book of Psalms](#) Icon Books Ltd

A riveting Vietnam War story--and one of the most dramatic in aviation history--told by a New York Times bestselling author and a prominent aviation historian Every war has its "bridge"--Old North Bridge at Concord, Burnside's Bridge at Antietam, the railway bridge over Burma's River Kwai, the bridge over Germany's Rhine River at Remagen, and the bridges over Korea's Toko Ri. In Vietnam it was the bridge at Thanh Hoa, called Dragon's Jaw. For seven long years hundreds of young US airmen flew sortie after sortie against North Vietnam's formidable and strategically important bridge, dodging a heavy concentration of anti-aircraft fire and enemy MiG

planes. Many American airmen were shot down, killed, or captured and taken to the infamous "Hanoi Hilton" POW camp. But after each air attack, when the smoke cleared and the debris settled, the bridge stubbornly remained standing. For the North Vietnamese it became a symbol of their invincibility; for US war planners an obsession; for US airmen a testament to American mettle and valor. Using after-action reports, official records, and interviews with surviving pilots, as well as untapped Vietnamese sources, *Dragon's Jaw* chronicles American efforts to destroy the bridge, strike by bloody strike, putting readers into the cockpits, under fire. The story of the *Dragon's Jaw* is a story rich in bravery, courage, audacity, and sometimes luck, sometimes tragedy. The "bridge" story of Vietnam is an epic tale of war against a determined foe.

Dragon's Jaw

Many people have brought their own unique cultures to the United States. In the *Cultures of America* series, young readers will learn all about different cultural activities and traditions practiced throughout the nation.

Arts and Crafts

Are we all at the mercy of our brain chemistry? Do you think that the amygdala and the hippocampus are fantastical sea monsters? What can an MRI scan tell us? Could you explain to dinner-party guests why we don't giggle when we tickle ourselves? *30-Second Brain* is here to fill your mind with the science of exactly what's happening inside your head. Using no more than two pages, 300 words and an illustration, this is the quickest way to understand the wiring and function of the most complex and intricate mechanism in the human body. Discover how the networks of 90 billion nerve cells work together to produce perception, action, cognition and emotion. Explore how your brain defines your personality, and what it gets up to while you are asleep. Illustrated with mind-bending graphics and supported by biographies of pioneers in the field of neuroscience, it's the book to get your grey matter thinking about your grey matter.
