PC Mag MIT Press

This collection of short expository, critical and speculative texts offers a field guide to the cultural, political, social and aesthetic impact of software. Experts from a range of disciplines each take a key topic in software and the understanding of software, such as algorithms and logical structures.

ICD-10-CM Coder Training Manual, 2016 Edition Cambridge University Press

This book will enable you to determine whether or not someone is lying to you. Contains over 60 axioms or guidelines that put your subject through the gauntlet. From FBI Agent to Housewife, you need to read this book. After you do, you will never look at the NEWS, political speeches, or anything that the government tells you in the same light. Conceived in an environment of pathological liars, this book takes "common sense" to a new level. Some deceptions are very subtle and nefarious, and some deceptions are your own conclusions - which you arrive at by the design of the liar - or government - which tells you only what will lead you to believe their lies

Maximum PC IGI Global
