*Global Media Convergence and Cultural Transformation: Emerging Social Patterns and Characteristics* Gale, Cengage Learning

This century has been marked by the rapid and divergent uptake of mobile telephony throughout the world. The mobile phone has become a poignant symbol for postmodernity and the

attendant modes of global mobility and immobility. Most notably, the icon of the mobile phone is most palpable in the Asia-Pacific in which a diversity of innovation and consumer practices – reflecting gender and locality – can be found. Through the lens of gendered mobile media, *Mobile Media in the Asia Pacific* provides insight into this phenomenon by focusing on case studies in Japan, South Korea, China and Australia. Despite the ubiquity and multi-layered nature of mobile media in the region, the patterns of female consumption have received little attention in the growing literature on mobile

communication globally. Utilising ethnographic research conducted in the Asia-Pacific over a six-year period, this book investigates the relationship between gender, technology and various forms of mobility and immobility in the region. This book outlines the emerging modes of gender performativity that makes the Asia-Pacific region so distinct to other regions globally. *Mobile Media in the Asia Pacific* is a fascinating read for students and scholars interested in new media and gender in the Asia-Pacific region. *What Not to Do in Business - The Leadership and*

"Martha, Martha, you are anxious and troubled about many things." -- Luke 10:41

Tami Kiser understands the demands of motherhood. She's a busy mom of nine who juggles teaching at her children's parish school, volunteering at her parish, running a household, and many other responsibilities. Her "Smart Martha" seminars have helped thousands of women balance their priorities so that they still have ample time for Jesus throughout the day. Become more spiritually focused, more holistically fulfilled, and more mentally prepared than ever before. Discover practical tips that will

help save time and your sanity. Learn how to: Approach every "Martha" task with a "Mary" attitude. De-clutter your children's toys for faster cleanup and more meaningful play. Manage technology to enhance your family's spiritual health. Create mealtimes that nourish both body and soul. Tackle household chores as a family. Foster spiritual beauty in your children. And much more! Your maternal instinct -- as well as constant demands from family members -- may call for a "Martha" mom, but trust in the Lord that they need

It also requires an understanding of the principles and tools of management. Aimed at the college market, this book is a short, foundational

volume on media management. It summarizes the major dimensions of a business school curriculum and applies them to the entire media, media-tech, and digital sector. Its chapters cover—in a jargonless, non-technical way—the major functions of management. First, creating a media product: the financing of projects, and the

management of technology, HR, production operations, intellectual assets, and government relations. Second, harvesting the product created: market research, marketing, pricing, and distribution. And third, the control loop: media accounting and strategy planning. In the process, this book becomes an indispensable

---

resource for those aiming for a career in the media and digital field, both in startups and established organizations. This book is designed to help those aiming to join the media and digital sector to become creative managers and managerial creatives. It aims to make them more knowledgeable, less blinded by hype, more effective, and more responsible.
