### Sony Television Repair Manuals

The television was invented in the early 20th century as a novel way to transmit moving pictures through radio waves. Early television sets actually used mechanical means to etch out a picture from a signal using a Nipkow Disk, with the first demonstration taking place in Paris in 1909. This early “television” technology was capable of transmitting an 8x8 pixel image,

---

with the first demonstration showing  
individual letters of the alphabet,  
and clearly!
