This book will enable you to determine whether or not someone is lying to you. Contains over 60 axioms or guidelines that put your subject through the gauntlet. From FBI Agent to Housewife, you need to read this book. After you do, you will never look at the NEWS, political speeches, or anything that the government tells you in the same light. Conceived in an environment of pathological liars, this book takes "common sense" to a new level. Some deceptions are very subtle and nefarious, and some deceptions are your own conclusions - which you arrive at by the design of the liar - or government - which tells you only what will lead you to believe their lies

Digital preservation is an issue faced by practitioners in Ross Harveythe library and recordkeeping professions, yet most professionalshave little time to keep up with the latest techniquesand standards. This invaluable work provides a single-volume introduction to the principles, strategies and practices currently applied by librarians and recordkeepers to the preservation of digital information and will assist them to make informed decisions about the role of digital information in their care. The book is presented in four parts: Why do we preserve? What do we preserve? How do we preserve? and How do we manage digital preservation? Each part covers the area in detail and addresses current issues in a clear and informative manner. The terminology of the field is explained clearly throughout the book. Each chapter includes a range of case studies from institutionsat the forefront of digital object preservation. An index facilitates quick access. This book will be essential as a professional reference tool for all librarians, recordkeepers and archivists with preservation responsibilities as well as being a definitive source of information for the whole profession including students.

NEA Journal
Wounded by willful acts of human depravity and marauding demonic forces, my family was an assemblage of souls composed of glass shards, slivers of stone and torn fabric. Nevertheless, God is an intricate designer who manifests a deep-rooted concern for those who diligently seek him. We were salvaged from the ruins where gloom hung like folds of heavy drapery. The weaving of God's hands came alive, binding into everything, coiling into human souls and tying surrounding elements into an artful composition. This book of hope and rescue provides a glimpse into the spiritual world that goes unnoticed by many. It is a revelation of God's concern for his people. Contained within these pages is an insight into the God of Abraham who is approachable and waiting to hear from you. 1
