Prince Aedan of the Isles believes in no such nonsense—until he awakens on Kell itself and meets the sensuous siren who rescued him from the sea. 1721: Ronan MacMhuirich, Earl of Kell, is the target of an unlikely assassin: Leila, a mysterious woman from an exotic land. But his irresistibly beautiful would-be slayer is in just as much danger as Ronan when she falls for this man with a magic of his own. 2004: What do you do when you inherit a Scottish island you never knew existed—and find yourself pursued by a handsome stranger who wants to buy it from you? That 's what happens to Ruri Kell when she accepts Iain MacInnes ' s invitation to visit her birthright, and listens to a proposition as sinfully tempting as everything else about him. Three seductive love stories, three passionate couples, all linked by one of the most romantic myths of all.

A number of political bodies have started to involve citizens and to consider their concerns, attitudes, hopes, and worries in the early stages of the coming nano revolution. This volume assembles the contributions of experts who analyze a number of these deliberations, mainly in the European Union and the United States. The book analyzes citizen-oriented deliberations along with more stakeholder-oriented deliberations.
