Sometimes you fall for Mr. Right. And sometimes for Mr. Right Now... May Did you hear the one about the girl who walks into a bar and catches her live-in lover kissing someone else? No? You're

the only one in town who missed it. Luckily Alec is there to wrap me up in strong arms and carry me out the door before things get too ugly. And that's not all Alec is good at. Our unexpected chemistry makes him the perfect rebound guy. Alec I should know better than to hook up with my rival's little sister, but the fiery look in May's eyes really turns my crank. She needs cheering up, and I'm just the guy for the job. It's not like I'll fall in love. Not even after a string of scorching hot trysts, and the realization that we're good at the same things: wild nights and familial disappointment. I

This book is based on the author's 50+ years experience in the power and

distribution transformer industry. The first few chapters of the book provide a step-by-step procedures of transformer design. Engineers without prior knowledge or exposure to design can follow the procedures and calculation methods to acquire reasonable proficiency necessary to designing a transformer. Although the transformer is a mature

product, engineers working in the industry need to understand its fundamentals and design to enable them to offer products to meet the challenging demands of the power system and the customer. This book can function as a useful guide for practicing engineers to undertake new designs, cost optimization, design automation etc., without the need for

---

external help or transformers. consultancy. The book extensively covers the design processes with necessary data and calculations from a wide variety of transformers, including dry-type cast resin transformers, amorphous core transformers, earthing transformers, rectifier transformers, auto transformers, transformers for explosive atmospheres, and solid-state

The other subjects covered include, carbon footprint calculation of transformers, condition monitoring of transformers and design optimization techniques. In addition to being useful for the transformer industry, this book can serve as a reference for power utility engineers, consultants, research scholars, and teaching faculty at universities.

Rather than follow in the footsteps of her family members, Juliette Belmont has made a career

out of being in front of the cameras. When she finds herself in the middle of a scandal, she takes a friend's advice and escapes to a small town in northern New Hampshire. Once there, she has three items on her agenda: make some decisions regarding her life, avoid the media, and don't get involved with one of Avon's own, no matter how gorgeous she finds him. When Aaron

Wright learns a member of the Sherbrooke family has rented out a cottage at his family's campground, he's less than pleased. People like Juliette live and play in a world far removed from his, something he learned firsthand seven years ago. Despite his attraction to her and his meddling sister, he keeps his distance. Wilson Dragon-shifter leader of Clan StoneRiver, David Lee, has vowed to never take a mate. The previous five clan leaders all lost their mates to tragedy, and he is determined to prevent any other female from sharing the same fate. Even when he discovers his

true mate is human, David tries his best to keep his distance to protect her. But when he ' s forced to be near Tiffany for a week, during an event to help orphaned dragon-shifter children, the human becomes harder to resist. It ' s going to take everything he has to keep her safe. Tiffany Ford is thrilled to be selected to help with the orphaned dragon children. Even if the StoneRiver clan leader is distant and borderline rude to her at first,

she soon makes friends and enjoys herself. When David sets her a surprising challenge to test her observation skills, she ' s intrigued. And never one to back down, she accepts, curious to discover more about the leader. As the days go by, Tiffany starts to realize there is more to David than his aloofness, making her wonder if there could be something between them. The only problem is that they both have doubts about each other. Will
