## **An Indian Pilgrim** HarperCollins

Celebrate 20 years of Harry Potter magic! Dark times have come to Hogwarts. After the Dementors' attack on his cousin Dudley, Harry Potter knows that Voldemort will stop at nothing to find him. There are many who deny the Dark Lord's return, but Harry is not alone: a secret order gathers at Grimmauld Place to fight against the Dark forces. Harry must allow Professor Snape to teach him how to protect himself from Voldemort's savage assaults on his mind. But they are growing stronger by the day and Harry is running out of time. These new editions of the classic and internationally bestselling, multi-award-winning series feature instantly pick-up-able new jackets by Jonny Duddle, with huge child appeal, to bring Harry Potter to the next generation of readers. It's time to PASS THE MAGIC ON ...

Harry and Meagan face the awesome challenges of courage and survival in the hostile world of Jerusalem in 70 A.D.

**American Indian Myths and Legends**  
Duke University Press

Mael, a scion of a royal family of Cambria, was sent in his ninth year to the Abbey of Yvern so that he might there study both sacred and profane learning. At the age of fourteen he renounced his patrimony and took a vow to serve the Lord. His time was divided, according to the rule, between the singing of hymns, the study of grammar, and the meditation of eternal truths. A celestial perfume soon disclosed the virtues of the monk throughout the cloister, and when the blessed Gal, the Abbot of Yvern, departed from this world into the next, young Mael succeeded him in the government of the monastery. He established therein a school, an infirmary, a guest-house, a forge, workshops of all kinds, and sheds for building ships, and he compelled the monks to till the lands in the neighbourhood. With his own hands he cultivated the garden of the Abbey, he worked in metals, he instructed the novices, and his life was gently gliding along like a stream that reflects the heaven and fertilizes the fields. At the close of the day this servant of God was accustomed to seat himself on the cliff, in the place that is to-day still called St. Mael's chair. At his feet the rocks bristling with green seaweed and tawny wrack seemed like black dragons as they faced the foam of the waves with their monstrous breasts. He watched the sun descending into the ocean like a red Host whose glorious blood gave a purple tone to the clouds and to the summits of the waves. And the holy man saw in this the image of the mystery of the Cross, by which the divine blood has clothed the earth with a royal purple. In the offing a line of dark blue marked the shores of the island of Gad, where St. Bridget, who had been given the veil by St. Malo, ruled over a convent of women. Now Bridget, knowing the merits of the venerable Mael, begged from him some work of his hands as a rich present. Mael cast a hand-bell of bronze for her and, when it was finished, he blessed it and threw it into the sea. And the bell went ringing towards the coast of Gad, where St. Bridget, warned by the sound of the bell upon the waves, received it piously, and carried it in solemn procession with singing of psalms into the chapel of the convent. Thus the holy Mael advanced from virtue to virtue. He had already passed through two-thirds of the way of life, and he hoped peacefully to reach his terrestrial end in the midst of his spiritual brethren, when he knew by a certain sign that the Divine wisdom had decided otherwise, and that the Lord was calling him to less peaceful but not less meritorious labours.

*The Rulership Book* Bloomsbury Publishing

Filmmaker Alejandro Jodorowsky's

insights into the Tarot as a spiritual path •

Works with the original Marseille Tarot to

reveal the roots of Western wisdom •

Provides the key to the symbolic language of the Tarot's "nomadic cathedral" •

Transforms a simple divination tool into a vehicle for self-realization and healing

Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. The Way of Tarot shows that the entire deck is structured like a temple, or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot--created during a time of religious tolerance in the 11th century--to reconnect with the roots of the Tarot's Western esoteric wisdom.

They explain that the Tarot is a "nomadic cathedral" whose parts--the 78 cards or "arcana"--should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings. Each description of the Major Arcana includes key word summaries, symbolic meanings, traditional interpretations, and a section where the card speaks for itself.

Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible. Using their work with Tarology, a new psychological approach that uses the

symbolism and optical language of the Tarot to create a mirror image of the personality, they offer a powerful tool for self-realization, creativity, and healing.

**The Magic Island** Random House Trade Paperbacks

In an attempt to help his sister, who has cancer, fifteen-year-old Harry again enters Frost Cave to travel back in time, but takes a wrong turn and ends up in Jerusalem in 60 A.D., where the teachings of Christ have been twisted and war and lawlessness prevail, making Harry's task seem impossible.

Antifragile Library of Alexandria

Written towards the end of 1937 during his Europe trip, after being nominated the President of the Indian National Congress, An Indian Pilgrim traces Bose's life story from birth till his resignation from the Indian Civil Service. It is an astounding account of his ideological development and his singular focus on India's reconstruction in which Swami Vivekananda played a large part—"I was barely fifteen when Vivekananda entered my life. Then there followed a revolution within and everything was turned upside down." The book recounts the development of the spirit of service, sacrifice and zeal for national liberation, which were the driving forces of his life. We hope this publication will gain wide circulation so that the spirit of Subhas Chandra Bose becomes the guiding light of the country's youth in these disturbing times.

This 1929 volume offers firsthand accounts of Haitian voodoo and witchcraft rituals. Author William Seabrook introduced the concept of the walking dead to the West with this illustrated travelogue.

**Sacred Stacks** Basic Books

Jim Hawkins walks side-by-side with the mortal Messiah; Joshua Plimpton, a chief captain of the Nephites, pursues the vilest villains to rescue the golden plates of the Book of Mormon; and, Apollus, Steffanie, Gidgiddoniha, and the rest of the "Tennis Shoes" clan, together with the prophets Mormon and Moroni, seek to outwit the teeth-gnashing forces of the Lamanites and Gadianton as they converge upon the Hill Cumorah.

**Tennis Shoes and the Feathered Serpent** Harper Collins

Official U.S. edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon *Sapiens*, returns with an equally original, compelling, and provocative book,

turning his focus toward humanity's future, and our quest to upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from bingeing at McDonalds than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? *Homo Deus* explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is *Homo Deus*. With the same insight and clarity that made *Sapiens* an international hit and a New York Times bestseller, Harari maps out our future.

**Warriors of Cumorah** Vintage Canada

By the New York Times bestselling author of

---

The Bone Clocks | Shortlisted for the Man Booker Prize A postmodern visionary and one of the leading voices in twenty-first-century fiction, David Mitchell combines flat-out adventure, a Nabokovian love of puzzles, a keen eye for character, and a taste for mind-bending, philosophical and scientific speculation in the tradition of Umberto Eco, Haruki Murakami, and Philip K. Dick. The result is brilliantly original fiction as profound as it is playful. In this groundbreaking novel, an influential favorite among a new generation of writers, Mitchell explores with daring artistry fundamental questions of reality and identity. Cloud Atlas begins in 1850 with Adam Ewing, an American notary voyaging from the Chatham Isles to his home in California. Along the way, Ewing is befriended by a physician, Dr. Goose, who begins to treat him for a rare species of brain parasite. . . . Abruptly, the action jumps to Belgium in 1931, where Robert Frobisher, a disinherited bisexual composer, contrives his way into the household of an infirm maestro who has a beguiling wife and a nubile daughter. . . . From there we jump to the West Coast in the 1970s and a troubled reporter named Luisa Rey, who stumbles upon a web of corporate greed and murder that threatens to claim her life. . . . And onward, with dazzling virtuosity, to an inglorious present-day England; to a Korean superstate of the near future where neocapitalism has run amok; and, finally, to a postapocalyptic Iron Age Hawaii in the last days of history. But the story doesn't end even there. The narrative then boomerangs back through centuries and space, returning by the same route, in reverse, to its starting point. Along the way, Mitchell reveals how his disparate characters connect, how their fates intertwine, and how their souls drift across time like clouds across the sky. As wild as a videogame, as mysterious as a Zen koan, Cloud Atlas is an unforgettable tour de force that, like its incomparable author, has transcended its cult classic status to become a worldwide phenomenon. Praise for Cloud Atlas "[David] Mitchell is, clearly, a genius. He writes as though at the helm of some perpetual dream machine, can evidently do anything, and his

ambition is written in magma across this novel's every page."—The New York Times Book Review "One of those how-the-holy-hell-did-he-do-it? modern classics that no doubt is—and should be—read by any student of contemporary literature."—Dave Eggers "Wildly entertaining . . . a head rush, both action-packed and chillingly ruminative."—People "The novel as series of nested dolls or Chinese boxes, a puzzle-book, and yet—not just dazzling, amusing, or clever but heartbreaking and passionate, too. I've never read anything quite like it, and I'm grateful to have lived, for a while, in all its many worlds."—Michael Chabon "Cloud Atlas ought to make [Mitchell] famous on both sides of the Atlantic as a writer whose fearlessness is matched by his talent."—The Washington Post Book World "Thrilling . . . One of the biggest joys in Cloud Atlas is watching Mitchell sashay from genre to genre without a hitch in his dance step."—Boston Sunday Globe "Grand and elaborate . . . [Mitchell] creates a world and language at once foreign and strange, yet strikingly familiar and intimate."—Los Angeles Times

### Women Who Changed the World MIT Press

Progressing through history, from Cleopatra and Mary Magdalene to Madonna and Diana, Princess of Wales, each of these exceptional women's stories is told against the backdrop of the events of their time. For each, we learn of their achievements, backgrounds, characters and little-known details that make them ever more remarkable.

*Cloud Atlas* Covenant Communications Incorporated

The fear of violent crime dominates Guatemala City. In the midst of unprecedented levels of postwar violence, Guatemalans struggle to fathom the myriad forces that have made life in this city so deeply insecure. Born out of histories of state terror, migration, and US deportation, maras (transnational gangs) have become the face of this new era of violence.

They are brutal organizations engaged in extortion, contract killings, and the drug trade, and yet they have also become essential to the emergence of a certain kind of social order. Drawing on years of fieldwork inside prisons, police precincts, and gang-dominated neighborhoods, Anthony W. Fontes demonstrates how gang violence has become indissoluble from contemporary social imaginaries and how these gangs provide cover for a host of other criminal actors. Ethnographically rich and unflinchingly critical, *Mortal Doubt* illuminates the maras' role in making and mooring collective terror in Guatemala City while tracing the ties that bind this violence to those residing in far safer environs.

*Millennial Capitalism and the Culture of Neoliberalism* London : A. & C. Black

This volume, a directory of astrological correspondences, is the result of a research project that drew together the thoughts of many others into a reference book, assuming the role of a dictionary to astrologers, but vastly more complete. It is the only place where all sign, planetary and house rulerships have been brought together and put in a good workable order. It is organized in such a way that one can use the book for quick and easy reference, and it eliminates the need to search through various other volumes. In four parts: an alphabetical listing, a listing by planets, a listing by signs, a listing by houses. Plus an Appendix with special listings: principal bones of the body, principal veins of the body, chart of an organization, flavors and handwriting forms. Enthusiastically endorsed and used by professionals and students alike, no reference library is complete without this best-selling volume.

**The Golden Chersonese and the Way Thither** Sorcerers and Seers Jim Hawkins walks side-by-side with the mortal Messiah; Joshua Plimpton, a chief captain

of the Nephites, pursues the vilest villains to rescue the golden plates of the Book of Mormon; and, Apollus, Steffanie, Gidgiddoniha, and the rest of the "Tennis Shoes" clan, together with the prophets Mormon and Moroni, seek to outwit the teeth-gnashing forces of the Lamanites and Gadianton as they converge upon the Hill Cumorah. Tennis Shoes Among the Nephites

The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred images that break down Carl Jung's revolutionary ideas "What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society."—The Guardian "Our psyche is part of nature, and its enigma is limitless." Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life's work that the unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, *Man and His Symbols* is a guide to understanding the symbols in our dreams and using that knowledge to build fuller, more receptive lives. Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work—profusely

---

illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our individuality, *Man and His Symbols* proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.

### The Art of Dreaming Hau

Harry's enemies seek to separate him from all he holds dear, as Garth and Meagan are forced to make choices that could leave Harry permanently lost in Jerusalem during the first century A.D.
