The charr legions won't sign the truce until their most prized possession, the Claw of the Khan-ur, is returned

Gor—where men enslave women and science fiction and fantasy combine—in the latest installment of the long-running Gorean Saga. A mysterious package lies unclaimed somewhere in the great port of Brundisium, and it is rumored that its contents could determine the fate of a world. Whether or not that is true, one thing is certain: Men and beasts will kill to claim it. Meanwhile, a young woman, now merchandise, has been brought to the slave markets of Gor after displeasing a stranger in her secretarial job back on Earth.

---

Unbeknownst to her, she holds the key to finding the elusive package—and changing the course of history forever. Inspired by works like Edgar Rice Burroughs's John Carter of Mars novels and Robert E. Howard's Almuric, this adventure series—alternatively referred to by several names including the Chronicles of Counter-Earth or the Saga of Tarl Cabot—has earned a devoted following for its richly detailed world building, erotic themes, and mash-up of science fiction, fantasy, history, and

philosophy. Plunder of Gor is the 34th book in the Gorean Saga, but you may enjoy reading the series in any order. **The Soulkeepers Series Box Set** Houghton Mifflin Harcourt

Despite the importance of books and the written word in Chinese society, the history of the book in China is a topic that has been little explored. This pioneering volume of essays, written by historians, art historians, and literary scholars, introduces the major issues in the social

---

and cultural history of the book in late imperial China. Informed by many insights from the rich literature on the history of the Western book, these essays investigate the relationship between the manuscript and print culture; the emergence of urban and rural publishing

centers; the expanding audience for books; the development of niche markets and specialized publishing of fiction, drama, non-Han texts, and genealogies; and more. *The Truth about Letting Go* Hodder Paperbacks Puzzling, disturbing rumors have reached Port Kar. Tarl Cabot, warrior and merchant, pirate and slaver, once of Earth, now of Gor, learns

that the Farther Islands, Thera, Daphna, and Chios, west of the Island Ubarates of Cos and Tyros, are being bloodily and systematically ravaged by corsairs supposedly led by himself, by Bosk of Port Kar, as he is commonly known. How could this be? What is one to make of it? Why would so cruel and outrageous a hoax, apparently pointless, be perpetrated? Who would dare to do so? And, in the meantime, shipping is

---

assailed and towns and villages are looted and burned. Tarl Cabot will investigate. He will seek vengeance. His quest will carry him to the taverns and palaces of corrupt, luxurious, decadent Sybaris, on Thera, where life is cheap and collared slave girls plentiful, where ruthless corsairs live by the sword and whip, and into strange and dangerous waters teeming with predatory vessels and monstrous sea life. As the

mystery is unraveled, bit by bloody bit, he discovers that its threads may reach far beyond the Farther Islands. The Truth about Faking BRILL Rules. Balance. Consequences. War. Book 5 in The Soulkeepers Series When Fate gave Dane the water from Eden to drink, she did more than save his life. She changed

his destiny. Since the beginning, a covenant between God and Lucifer has maintained a tenuous peace, balancing Soulkeepers and Watchers and the natural order of things. Dane upset that balance the day he became a Soulkeeper. Fate broke the rules. Now, Lucifer is demanding a consequence,

---

requiring Fate to pay the ultimate price for her involvement. God intervenes on the immortal's behalf but in order to save her soul must dissolve the covenant and with it the rules, order, and balance that have kept the peace. A challenge is issued. A contest for human souls begins. And the stakes?

Earth. Winner take all. The Soulkeepers are at the center of a war between Heaven and Hell, and this time nobody, anywhere, is safe from Lucifer's reach.
