Brigelonne

From the acclaimed author of *Bad Girls* comes a "dark, break-neck paced journey through wartime England, full of twists and turns you'll never see coming" (Christopher Golden, author of *Soulless*) as a teenage girl discovers that evil comes in many forms when she and a group of friends run away from boarding school in this stunning novel of suspense and survival. Maggie Leigh just wants to be a normal teenager, but when German bombs tear apart London

during World War II, her ultra-religious mother sees the destruction as divine punishment. She sends Maggie to a remote boarding school in coastal Wales, supposedly to keep her safe, but also to keep her in line. The school is creepy, the headmistress is a lunatic, and the students range from spoiled rich girls to speechless trauma victims. But when a tragic accident happens on the beach, Maggie and three friends are forced to flee the school, plunging into the nightmarish world of Europe during wartime. Now every decision Maggie makes is fraught with danger, and living to see another day depends on how quickly she can think and act...and how far she's willing to go.

They are coming back to life, but they come back different - they stutter and their reactions to everything are slower. Termed 'living impaired' or 'differently biotic', there are lots of conspiracy theories to explain this new phenomenon. But as their numbers keep on growing, so does the discomfort of the living people in the community. When Phoebe falls for Tommy Williams, her best friend and star of the football team, Adam, has conflicting emotions. And when Tommy decides to try out for the football team, it sets off a chain of events that escalates into deadly violence.

**Hidden Cities**

The world knows Jack London as a writer who lived his own

thrilling, real-life adventures. But there are parts of his life that have remained hidden for many years, things even he couldn't set down in writing. Terrifying, mysterious, bizarre, and magical —these are the Secret Journeys of Jack London. We meet Jack at age seventeen, following thousands of men and women into the Yukon Territory in search of gold. For Jack, the journey holds the promise of another kind of fortune: challenge and adventure. But what he finds in the wild north is something far more sinister than he could have ever imagined: kidnapping and slavery, the murderous nature of desperate men, and, amidst it all, supernatural beasts of the wilderness that prey upon the weakness in men's hearts. Jack's survival will depend on his ability to quell the demons within himself as much as those without. Acclaimed authors Christopher Golden and Tim Lebbon, along with illustrator Greg Ruth, have crafted a masterful tale both classic and contemporary, a gripping original story of the paranormal in the tradition of the great Jack London.

**Runaways Dark Horse Comics**

Legends say that on stormy nights, or during sunsets, there sometimes comes a strange whistling in the sky followed by sightings of enormous black dogs. But these are no ordinary dogs. They are demonic things, hounds loose from the Wild Hunt, and they are searching for lost souls. They are rarely sighted more than one at a time, but if all seven should come together, it will mean the end of the world. In the picturesque New England town of Kingsbury, Vermont, a young woman named Rose Kerrigan mourns the death of her grandfather, the sweet but strange old man who raised her. Soon, Rose will learn the legend of the Seven Whistlers. They've come to Kingsbury in search of a soul that has been hidden from them, and they will not leave without it. First there was one, then two...then four...If they don't find what they're looking for soon, perhaps

all seven will gather in Kingsbury. And if all seven should come together.... Praise for The Seven Whistlers - "A quick, intriguing, satisfyingly creepy read, refreshingly free of emo sap. Fans of dark, post-modern fantasy should find it to be a tasty morsel." -- The Green Man Review "Powerful, beautifully conceived and developed, and utterly riveting. Benson and Golden have created a new mythology that rings true. This is a writing force to be reckoned with, a team who can produce the kind of modern mythic fiction that drives Gaiman, de Lint and Bull fans wild. It's too good not to share." --

An all original anthology from some of today's hottest supernatural writers, featuring stories of monsters from the monster's point of view. In most stories we get the perspective of the hero, the ordinary, the everyman, but we are all the hero of our own tale, and so it must be true for legions of monsters, from Lucifer to Mordred, from child-thieving fairies to Frankenstein's monster and the Wicked Witch of the West. From our point of view, they may very well be horrible, terrifying monstrosities, but of course they won't see themselves in the same light, and their point of view is what concerns us in these tales. Demons and goblins, dark gods and aliens, creatures of myth and legend, lurkers in darkness and beasts in human clothing...these

are the subjects of *The Monster's Corner*. With contributions by Lauren Groff, Chelsea Cain, Simon R. Green, Sharyn McCrumb, Kelley Armstrong, David Liss, Kevin J. Anderson, Jonathan Maberry, and many others.

*Soulless Del Rey*  
Newly reissued, the rollicking, action-packed zombie story from one of the genre's hottest writers! Times Square, New York City. Clasp hands in an impenetrable grip, three mediums call to their spirit guides as the audience looks on in breathless anticipation. The mediums slump over, slackjawed—catatonic. And in cemeteries surrounding Manhattan, fragments of old corpses dig themselves out of the ground.... The spirits have returned. The dead are walking. They will seek out those who loved them in life, those they left behind...but they are savage and they are hungry. The horror spreads quickly, droves of the ravenous dead seeking out the living—shredding flesh

from bone, feeding. But a disparate group of unlikely heroes—two headstrong college rivals, a troubled gang member, a teenage pop star and her bodyguard—is making its way to the center of the nightmare, fighting to protect their loved ones, fighting for their lives, and fighting to end the madness.
