*Unleashed* Dark Horse Comics

Legends say that on stormy nights, or during sunsets, there sometimes comes a strange whistling in the sky followed by sightings of enormous black dogs. But these are no ordinary dogs. They are demonic things, hounds loose from the Wild Hunt, and they are searching for lost souls. They are rarely sighted more than one at a time, but if all seven should come together, it will mean the end of the world. In the picturesque New England town of Kingsbury, Vermont, a young woman named Rose Kerrigan mourns the death of her grandfather, the sweet but strange old man who raised her. Soon, Rose will learn the legend of the Seven Whistlers. They've come to Kingsbury in search of a soul that has been hidden from them, and they will not leave without it. First there was one, then two...then four...If they don't find what they're looking for soon, perhaps all seven will gather in Kingsbury. And if all seven should come together.... Praise for *The Seven Whistlers* - "A quick, intriguing, satisfyingly creepy read, refreshingly free of emo sap. Fans of dark, post-modern fantasy should find it to be a tasty morsel." -- *The Green Man Review* "Powerful, beautifully conceived and developed, and utterly riveting. Benson and Golden have created a new mythology that rings true. This is a writing force to be reckoned with, a team who can produce the kind of modern mythic fiction that drives Gaiman, de Lint and Bull fans wild. It's too good not to share." --

In his explosive debut thriller, Christopher Reich tells the harrowing story of a young man willing to risk everything--his career, his integrity, and even his life--to hunt down his father's killer. Set in the secret, labyrinthine world of Swiss banking, *Numbered Account*, with its detail and intelligence, could have been written only by an insider--the author himself worked at a major Swiss bank for three years. Former U.S. marine and Harvard Business School graduate Nicholas Neumann seems to have

it all: a dream job, a beautiful fiancée, a future bright with promise. But beneath the dazzling veneer of this golden boy is a man haunted by the brutal killing of his father seventeen years before. And when new evidence implicates the venerable United Swiss Bank in the crime, Nick finds himself willing to do whatever it takes to uncover the truth. Leaving behind everything he holds dear, Nick takes a job in Zurich with the United Swiss Bank, and is soon plunged into a world where everything--loyalty, power, even life and death--can be bought and sold for the right price. As the secrets of the venerable bank are laid bare, suddenly Nick knows far too much--about the offer he never should have accepted, about the money he never should have handled, about the woman he never should have loved. And as the darkness gathers around him, Nick is faced with a shattering truth: To catch the criminal who murdered his father, he must become a criminal himself. A work of searing intelligence and sheer storytelling genius, *Numbered Account* is one of those rare thrillers that not only make you sweat, but make you think. BONUS: This edition includes an excerpt from Christopher Reich's *The Prince of Risk*.
