found in the physical edition. South East Asia Hardie Grant Publishing Founders of the phenomenally successful publishing company Lonely Planet, Tony and Maureen Wheeler have produced travel guides to just about every corner of the globe. Lonely Planet Publications was born in 1973 when the Wheelers self-published a quirky travel guide, *Across Asia on the Cheap*. This was quickly followed by what soon became the backpackers' bible, *South-East Asia on a Shoestring*. Going boldly where no other travel publisher had ventured, they catered to a new generation of independent, budget-conscious travelers long before the advent of mass tourism. Unlikely Destinations: The Lonely Planet Story is a unique mix of autobiography, business history and travel book. It traces Tony and Maureen Wheeler's personal story as well as the often bumpy evolution of their travel guide business into the world's largest independent travel publishing company. Not surprisingly, after thirty years in the business the Wheelers have an unrivalled set of anecdotes which they share in Unlikely Destinations: The Lonely Planet Story. They have been hassled by customs, cheated by accountants, let down by

writers, banned in Malawi, berated for their Burma guide and had books pirated in Vietnam. Tony has been gored by a cow in Benares, declared dead around the world in an assortment of gruesome and greatly exaggerated accounts and their company has been accused of the "Lonely Planetization" of the world. Through it all, from the heady days of discovery in the '70s to the rocky patch after the September 11th terrorist attacks, the Wheelers' passion for the planet and traveling certainly hasn't diminished, and comes shining through in this enthralling travelogue. But above all, their memoir reveals the spirit of adventure that has made them, according to the New York Daily News, "the specialists in guiding weird folks to weird places." [The Rough Guide to Southeast Asia](#) Apa Publications (UK) Limited Lonely Planet: The world's leading travel guide publisher Lonely Planet's Southeast Asia on a Shoestring is your passport to having big experiences on a small budget, offering the most relevant, up-to-date advice on what to see and skip, what hidden discoveries await you and how to optimise your budget for an extended continental trip. Across Asia on the Cheap Macmillan

This no-frills survival guide for adventurous budget travelers provides readers with all they need to discover southeast Asia on their own.

It's hardly surprising that this is one of the most popular regions for travelers in Asia. Whether visitors are looking for deserted beaches or five-star resorts, jungle adventures, or a hassle-free stopover; there's something for everyone here. Exotic yet bargain value, accessible and full of variety, South East Asia is quite deservedly one of the most popular regions in the world for longer-stay travelers. Travel there is now so easy, that a whole new type of guide is needed: this book fills the gap, concentrating information by offering more maps and less talk. Includes Singapore, Malaysia, Brunei, Thailand, Burma (Myanmar), Yunnan (China), Vietnam, Cambodia, Laos, and nutshell information on Indonesia, East Timor and the Philippines.

South-East Asia on a Shoestring Lonely Planet

The funniest book about travel you will ever read: a travel guide to the fictional European republic 'Molvania', birthplace of the polka and whooping

cough. The text and design draw on the standard travel guide format and include: background information on the destination, including cultural details, useful phrases, holidays, and calendar of events; accommodation and restaurant listings; activities and excursions; as well as text break-outs, colour photos and maps throughout.

Australia & New Zealand on a Shoestring Penguin

The Business of Culture examines the rise of Chinese "cultural entrepreneurs," businesspeople who risked financial well-being and reputation by investing in multiple cultural enterprises in the late nineteenth and twentieth centuries. Rich in biographical detail, the interlinked case studies featured in this volume introduce three distinct archetypes: the cultural personality, the tycoon, and the collective enterprise.

These portraits reveal how rapidly evolving technologies and growing transregional ties created fertile conditions for business success in the cultural sphere. They also highlight strategies used by cultural entrepreneurs around the world today.

Lonely Planet Thailand UBC Press Packed with information to help you make the most of your time and money, including comprehensive transportation information, suggested itineraries,

full-color maps, and advice on local culture, food, and language.

Detailed listings give the low-down on the best hotels, hostels, bars, and restaurants, while "treat yourself" suggestions provide inspiration for when to splurge. Whether you want to take a slow boat down the Mekong, feast on dim sum in Hong Kong, kick-back on a white-sand beach in Thailand, or explore the temples of Bagan in Myanmar, this updated edition of The Rough Guide to Southeast Asia on a Budget is the ultimate companion to travel in Southeast Asia.

Molvania: A Land Untouched by Modern Dentistry Lonely Planet

This book sketches an outline of Southeast Asian history from earliest times to the present, showing how the diverse political, economic, social, and cultural patterns developed over several thousand years and the role played by the region in the larger world. Approximately one third will be devoted to the centuries before 1500 CE, when civilizations and kingdoms emerged and some Southeast Asians became active in Asian and Pacific maritime trade networks. It discusses the connections to India and China, the great kingdoms such as Angkor, the maritime trade, and the emergence of diverse cultural traditions, including the Theravada Buddhist, Islamic, and Vietnamese realms.

Another third covers the period of Western expansion and colonization between 1500 and 1941, when various Western nations began to gradually influence and then reshape the region and Southeast Asians became more deeply involved with world trade. This includes an extensive discussion of the impact of colonialism on Southeast Asian societies, cultures, economies and politics. The final third examines the rise of nationalism and independence movements, decolonization, the wars in Indochina, and the links between past, present, and future.

Southeast Asia in World History
Simon and Schuster

1960. President Eisenhower was focused on Laos, a tiny Southeast Asian nation. Washington feared the country would fall to communism, triggering a domino effect in the rest of Southeast Asia. In January 1961, Eisenhower approved the CIA's Operation Momentum, a plan to create a proxy army of ethnic Hmong to fight communist forces in Laos. Kurlantzick shows how the brutal war lasted nearly two decades, killed one-tenth of Laos's total population, and changed the nature of the CIA forever.

The Art of Not Being Governed
Lonely Planet
UPDATED 2017 EDITION
New York Times bestseller! No money? No problem. You can start packing your bags for that trip you 've been dreaming a lifetime about. For more than half a decade, Matt Kepnes (aka Nomadic Matt) has been

showing readers of his enormously popular travel blog that traveling isn't expensive and that it's affordable to all. He proves that as long as you think out of the box and travel like locals, your trip doesn't have to break your bank, nor do you need to give up luxury. How to Travel the World on \$50 a Day reveals Nomadic Matt's tips, tricks, and secrets to comfortable budget travel based on his experience traveling the world without giving up the sushi meals and comfortable beds he enjoys. Offering a blend of advice ranging from travel hacking to smart banking, you'll learn how to:

- * Avoid paying bank fees anywhere in the world
- * Earn thousands of free frequent flyer points
- * Find discount travel cards that can save on hostels, tours, and transportation
- * Get cheap (or free) plane tickets

Whether it's a two-week, two-month, or two-year trip, Nomadic Matt shows you how to stretch your money further so you can travel cheaper, smarter, and longer.

Lonely Planet Southeast Asia on a Shoestring Lonely Planet From the acclaimed author and scholar James C. Scott, the compelling tale of Asian peoples who until recently have stemmed the vast tide of

state-making to live at arm's length from any organized state society For two thousand years the disparate groups that now reside in Zomia (a mountainous region the size of Europe that consists of portions of seven Asian countries) have fled the projects of the organized state societies that surround them—slavery, conscription, taxes, corvée labor, epidemics, and warfare. This book, essentially an “anarchist history,” is the first-ever examination of the huge literature on state-making whose author evaluates why people would deliberately and reactively remain stateless. Among the strategies employed by the people of Zomia to remain stateless are physical dispersion in rugged terrain; agricultural practices that enhance mobility; pliable ethnic identities; devotion to prophetic, millenarian leaders; and maintenance of a largely oral culture that allows them to reinvent their histories and genealogies as they move between and around states. In accessible language, James Scott, recognized worldwide as an eminent authority in Southeast Asian, peasant, and agrarian studies, tells the story of the peoples of Zomia and their unlikely odyssey in

search of self-determination. He redefines our views on Asian politics, history, demographics, and even our fundamental ideas about what constitutes civilization, and challenges us with a radically different approach to history that presents events from the perspective of stateless peoples and redefines state-making as a form of “internal colonialism.” This new perspective requires a radical reevaluation of the civilizational narratives of the lowland states. Scott's work on Zomia represents a new way to think of area studies that will be applicable to other runaway, fugitive, and marooned communities, be they Gypsies, Cossacks, tribes fleeing slave raiders, Marsh Arabs, or San-Bushmen.
