Drawing on confidential Argentinian documents and memoranda, *Behind the Disappearances* documents a seven-year diplomatic war by one of the twentieth century's most brutal regimes. It relates how, starting in 1976, Argentina's military government tried to

cripple the UN's human rights machinery in an effort to prevent international condemnation of its policy of disappearances. Initially this attempt succeeded, but in 1980—with encouragement from the Carter administration—UN officials regained the initiative and created a special working group on disappearances that rejuvenated the UN's efforts. This progress was abruptly halted in 1981 when the Reagan administration sided with the Argentinian regime. The result, claims the author, not only undercut the UN's actions against disappearances but also weakened its chances of playing a positive role in aiding Latin America's transition from dictatorship to democracy.

Springer Science & Business Media While many professional translators believe the ability to translate is a gift that one either has or does not have, Allison Beeby Lonsdale questions this view. In her innovative book, she demonstrates how teachers can

guide their students by showing them how insights from communication theory, discourse analysis, pragmatics, and semiotics can illuminate the translation process. Using Spanish to English translation as her example, she presents the basic principles of translation through 29 teaching units, which are prefaced by objectives, tasks, and commentaries for the teacher, and through 48 task sheets, which show how to present the material to students.

Teachers do so much more than just teach academics. They build a sense of community within their classrooms, creating a home away from home where they make their students feel safe, included, and loved. With its heartfelt message and colorfully whimsical illustrations, "Our Class is a Family" is a book that will help build and strengthen that class community. Kids learn that their classroom is a place where it's safe to be themselves, it's okay to make mistakes, and it's important to be a friend to others. When hearing this story being read aloud by their teacher, students are sure to feel like they are part of a special family. And currently, during such an unprecedented time when many teachers and students are not physically IN the classroom due to COVID-19 school closures, it's more important than it's ever been to give kids the message that their class is a family. Even at a distance, they still stick together.
