Carson Dellosa supports your child's educational journey every step of the way.

Impact Evaluation in Practice, Second Edition Elsevier Health Sciences  
 Book Publication Date: Dec 13, 2023. Black & white print.

Introductory Statistics 2e provides an engaging, practical, and thorough overview of the core concepts and skills taught in most one-semester statistics courses. The text focuses on diverse applications from a variety of fields and societal contexts, including business, healthcare, sciences, sociology, political science, computing, and several others. The material supports students with conceptual narratives, detailed step-by-step examples, and a wealth of illustrations, as well as collaborative exercises, technology integration problems, and statistics labs. The text assumes some knowledge of intermediate algebra, and includes thousands of problems and exercises that offer instructors and students ample opportunity to explore and reinforce useful statistical skills.

Introductory Statistics 2e (paperback, B&w) Elsevier Health Sciences  
 Get more out of your textbook with this helpful study tool! Corresponding to the chapters in Cooper and Gosnell's Foundations and Adult Health Nursing, 7th Edition, this study guide helps you learn, understand, and apply the concepts of LPN/LVN nursing. Hundreds of labeling, matching, and fill-in-the-blank questions are included, each with textbook page references. It also includes critical thinking questions based on clinical scenarios, and multiple-choice and alternate-format questions to help you review for the NCLEX-PN® examination. Learning activities help you meet content objectives, and include crossword puzzles, labeling, matching, completion, identification, NCLEX® exam-style multiple-choice review questions, and critical thinking questions. Page references are included for all activities except for the critical thinking questions, to facilitate your review. A complete answer key for the study guide is

---

provided in the student resources on Evolve. NEW! An increased emphasis on NCLEX® review prepares you more effectively for the NCLEX-PN® examination, with more NCLEX-style alternate-format type questions and more critical thinking activities.

Ven Conmigo!, Grades 7-12 Carson-Dellosa Publishing

Paul Wilmott on Quantitative Finance, Second Edition provides a thoroughly updated look at derivatives and financial engineering, published in three volumes with additional CD-ROM. Volume 1: Mathematical and Financial Foundations; Basic Theory of Derivatives; Risk and Return. The reader is introduced to the fundamental mathematical tools and financial concepts needed to understand quantitative finance, portfolio management and derivatives. Parallels are drawn between the respectable world of investing and the not-so-respectable world of gambling. Volume 2: Exotic Contracts and Path Dependency; Fixed Income Modeling and Derivatives; Credit Risk In this volume the reader sees further applications of stochastic mathematics to new financial problems and different markets. Volume 3: Advanced Topics; Numerical Methods and Programs. In this volume the reader enters territory rarely seen in textbooks, the cutting-edge research. Numerical methods are also introduced so that the models can now all be accurately and quickly solved. Throughout the volumes, the author has included numerous Bloomberg screen dumps to illustrate in real terms the points he raises, together with essential Visual Basic code, spreadsheet explanations of the models, the reproduction of term sheets and option classification tables.

In addition to the practical orientation of the book the author himself also appears throughout the book—in cartoon form, readers will be relieved to hear—to personally highlight and explain the key sections and issues discussed.

Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

The Nassi/Levy Spanish Three Years Workbook Sage Publications (CA)

Wendy Laura Belcher's Writing Your Journal Article in Twelve Weeks: A Guide to Academic Publishing Success is a revolutionary approach to enabling academic authors to overcome their anxieties and produce the publications that are essential to succeeding in their fields. Each week, readers learn a particular feature of strong articles and work on revising theirs accordingly. At the end of twelve weeks, they send their article to a journal. This invaluable resource is the only guide that focuses specifically on publishing humanities and social science journal articles. -- Back cover.

Paul Wilmott on Quantitative Finance, 3 Volume Set World Bank Publications Spanish Three Years, Second Edition provides a complete and systematic review of the essential elements of third-year Spanish with coverage of Spanish and Spanish-American culture, along with a wealth of varied practice. Thoroughly up-to-date, this Second Edition is designed to incorporate and reflect the National Standards for Foreign Languages Learning in the 21st Century.

Spanish, Grades 6 - 12 Savvas Learningtext and its integrated technology Company

Presents a Spanish language grammar and vocabulary practice workbook to accompany a text book for classes in high school Spanish.

¡ Qué ché vere!: Grammar and Vocabulary University of Texas Press  
For courses in First-year Russian Introductory Russian, Basic Russian, Basic Intensive Russian, and Intermediate Russian. Golosa is a two-volume, communicative approach to Russian that is designed to help students reach the ACTFL Intermediate range in speaking and Intermediate High in reading and listening. Each volume of Golosa includes a main textbook, a student workbook with laboratory drills and written exercises, and an audio program that runs approximately ten hours per volume and includes listening comprehension exercises, dialogs, conversations, and rapid-pace oral drills. Each unit in the program revolves around a topic (university, family, etc.), and follows the same basic format: introduction of basic vocabulary for the topic, listening to introductory conversations, short dialogs with activization exercises and role-play practice, practice in listening and reading with emphasis on strategies, grammar study and practice in both oral and written form, and written workbook exercises that go from mechanical to creative. NEW! Book I offers a CD-ROM with lexical and grammatical exercises for each unit!

The Complete Book of Spanish, Grades 1 - 3 Addison Wesley Publishing Company

resources help you meet the needs of every student in your diverse classroom.

The Complete Book of Maps & Geography, Grades 3 - 6 Carson-Dellosa Publishing

The bestselling LPN/LVN geriatric nursing textbook, Basic Geriatric Nursing, 5th Edition covers age-appropriate nursing interventions in a variety of health care settings. It includes the theories and concepts of aging, covers expected physiologic and psychosocial changes, and highlights delegation, coordinated care, end-of-life care, patient teaching, quality of life, safety, and home care. This edition is updated with the latest issues and trends in geriatric nursing, including changes to the health care system and demographics. Part of the popular LPN Threads series, Gloria Hoffman Wold's text provides a clear and compassionate introduction to geriatric care. Complete coverage of key topics includes baby boomers and the impact of their aging on the health care system, therapeutic communication, cultural considerations, spiritual influences, evidence-based practice in geriatric nursing, and elder abuse, restraints, and ethical and legal issues in end-of-life care. UNIQUE! Delegation, leadership, and management content is integrated throughout. Nursing Process sections provide a framework for the discussion of the nursing care of the elderly patient as related to specific disorders. UNIQUE! A FREE Study Guide in the back of the book reinforces understanding with scenario-based clinical activities and practice questions. UNIQUE! Nursing interventions are numbered and grouped according to health care setting (e.g., acute care, extended care, home care), in a patient-centered approach emphasizing the unique needs of the older adult. UNIQUE! Nursing Care Plans with critical

---

thinking questions help in understanding how a care plan is developed, how to evaluate care of a patient, and how to apply your knowledge to clinical scenarios. UNIQUE! Critical Thinking boxes help you to assimilate and synthesize information. Clinical Situation boxes present patient scenarios with lessons for appropriate nursing care and patient sensitivity. Coordinated Care boxes address such topics as restraints, elder abuse, and end-of-life care as related to responsibilities of nursing assistants and other health care workers who are supervised by LPN/LVNs. UNIQUE! Complementary and Alternative Therapies boxes address specific therapies commonly used by the geriatric population for health promotion and pain relief. Cultural Considerations boxes encourage culturally sensitive care of older adults. UNIQUE! Patient Teaching boxes highlight health promotion, disease prevention, and age-specific interventions. UNIQUE! LPN Threads make learning easier, featuring an appropriate reading level, key terms with phonetic pronunciations and text page references, chapter objectives, special features boxes, and full-color art, photographs, and design. Golosa Carson-Dellosa Publishing

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

The United States Catalog; Books in Print January 1, 1912 Savvas Learning Company

[The book] is intended to meet the need for a text to accompany the Advanced Placement Spanish Lanugae course. The overall goal ... is to prepare students to perform at a high level of proficiency in the four basic language skills: listening, speaking, reading and writing. Upon completing the course, students are expected to be able to comprehend formal and

informal Spanish, and also speak, read and write cohesively and precisely at the third-year college level. [The authors] have attempted to create a series of exercises that will both meet the general objectives of the course and help the students prepare for the Advanced Placement examination ... Although geared primarily to the AP course and examination, the book is also intended to provide an opportunity for advanced learning. The exercises are desgined not only to review and reinforce students' knowledge, but also to increase their vocabulary and sharpen their grammatical skills. [The book] can be used as a complementary text in any advanced course in Spanish.-Intro.

National 5 Spanish: Includes support for National 3 and 4 John Benjamins Publishing

Many language books are boring—this one is not. Written by a native English speaker who learned Spanish the hard way—by trying to talk to Spanish-speaking people—it offers English speakers with a basic knowledge of Spanish hundreds of tips for using the language more fluently and colloquially, with fewer obvious "gringo" errors. Writing with humor, common sense, and a minimum of jargon, Joseph Keenan covers everything from pronunciation, verb usage, and common grammatical mistakes to the subtleties of addressing other people, "trickster" words that look alike in both languages, inadvertent obscenities, and intentional swearing. He guides readers through the set phrases and

---

idiomatic expressions that pepper the native speaker's conversation and provides a valuable introduction to the most widely used Spanish slang. With this book, both students in school and adult learners who never want to see another classroom can rapidly improve their speaking ability. *Breaking Out of Beginner's Spanish* will be an essential aid in passing the supreme language test-communicating fluently with native speakers.

*Geometry for Enjoyment and Challenge*  
Harcourt Brace College Publishers

*Teach Them Spanish!* is for the teacher who has a little knowledge of Spanish and a lot of enthusiasm! This book guides you through practical lessons in beginning Spanish so that students with little or no previous Spanish will experience the thrill of success with a second language.

Lessons, appropriate for fourth graders, are organized by topics familiar to the student, such as colors, clothing, food, family, and animals. Each lesson includes a simple-to-follow teacher lesson plan, a practice page, and activity pages. Lessons also include games, puzzles, songs, chants, and writing activities. Try this fun and practical program for teaching and learning basic Spanish.

*Reading Comprehension in Varied Subject Matter*  
Carson-Dellosa Publishing

Focuses on helping school and university students to acquire the skills to read and appreciate the great works of Latin literature. This book not only presents basic Latin morphology and syntax with clear explanations and examples, but also offers direct access to original, unaltered Latin writings.

Learn to Read Latin  
McGraw-Hill  
Education

*Basic Medical Language - E-Book*  
Carson-Dellosa Publishing

This volume offers a description and a deep examination of discourse genres across four disciplines (Psychology, Social Work, Industrial Chemistry, and Construction Engineering), in academic and professional settings.

The study is based on one of the largest available corpus on disciplinary written discourse in Spanish (PUCV-2006 Corpus of Spanish containing almost 60 million words).

Twelve chapters range from the theoretical guiding principles of the research in terms of genre conception, the detailed description of each corpus (academic and professional), computational analysis from multi-dimensional perspectives, and the qualitative analysis of two specialized genres (University Textbook and Disciplinary Text) in terms of their rhetorical macro-moves and moves.

Theoretically speaking, a multi-dimensional perspective (social, linguistic and cognitive) is emphasized and special attention to the cognitive nature of discourse genres is supported.
