brutal storm had left us with no hydro, no heat, no lights and no running water for almost a week. I was cold and grimy, and by the fifth day I snapped. I pulled the top off the toilet tank and peered in. The water had been sitting there for days, so it smelled really funky. Also, every chain and bobbly thing in there was covered with a thick layer of (and here, I'm using the scientific term) bleck. Still, I was desperate. So I used the slimy toilet tank water and had what was probably the fastest sponge bath on record. Sadly, the curry incident happened to me, too. Shortly before I boarded an eight-hour flight from England to Canada, a friend took me out for a huge curry feast. I'd never had curry, and my intestines weren't sure what to do with the stuff, so they promptly rejected it. I developed a massive case of explosive curry farts. I kept my coat zipped up for the entire flight home, hoping that would hide the smell. It didn't. Toxic gasses trickled out through the neck of the coat, assaulting me and all of the passengers who were stuck sitting around me. Ironically, the coat made the problem worse, because it made me sweat-I was leaking curry vapors out of every pore of my body. This book is a labor of love-but it's laced with some of my most cringe-worthy experiences, too! "If you're on the look-out for great books for girls or young teens-and you don't need vampires or zombies to make you happy-then this one's for you!" Want to read more? This author's works have been praised by numerous celebrities, the most notable being Nelson Mandela who described two of his African stories as 'Wonderful', the late Princess Diana who used to read two of his books to the Princes William and Harry when they were aged 9 and 7 years, and a former Chief Inspector of Schools for The Office for Standards in Education, Children's Services and Skills (OFSTED), who described the author's writing to the press as being of 'High quality literature.' The Kilkenny Cat has been written as a trilogy. Book One deals with the theme of 'truth', Book Two with 'justice', and Book Three on the theme of 'freedom'. All three books seek to show that truth, justice or freedom cannot exist in isolation, and that the only way one can experience any one of them is when one is able to experience all three. Book Three is set in the English North and has as its backdrop, the riots that embraced this area from the 1990s onwards. Recent riots all around the country merely reflect how deeply rooted the 'gang culture' of Great Britain has since become. The trilogy is designed to show that every country on the face of the Earth exercises discrimination against some of its citizens. The nature

of discrimination may subtly change and vary from one country and situation to another in both shape and form, but it will always be present in some degree for those of us who care to look. Particular forms of discrimination looked at in this trilogy include the issues of colour, race, religion, age, culture, sexism, disability, homophobia, gypsies, asylum seekers, refugees and economic migrants. These issues are looked at through the eyes of travelling cats, whose experiences mirror those of human society. Overarching all the themes of this trilogy is the issue of 'Good' versus 'Evil', where the terms 'God' and 'Satan' are used to denote opposing values, qualities and lifestyles. The speech of the cat characters who come from Jamaica is distinguished from the speech used by non-Jamaican cats by changing the word 'you' to 'ya' and its linguistic associates, and no attempt has been made to replicate the patois more commonly used by many Jamaican citizens. The *Kilkenny Cat Trilogy* is an allegorical story of all manner of discrimination practised throughout the world; and particularly in Ireland, Jamaica and England. Told through the eyes and experiences of travelling gypsy cats, it is a must for all cat lovers and students of the discrimination, the 'Northern Riots', Ireland, Jamaica and Northern England and 'Good v Evil.' It is suitable for reading by teenagers and

adults.

Now everyone she knows—including her ex and his fiancée—will be there and eager to meet him. She only has four weeks to find someone willing to cross the Atlantic and aid in her deception. New York to Spain is no short flight and her raucous family won't be easy to fool. Enter Aaron Blackford—her tall, handsome, condescending colleague—who surprisingly offers to step in. This is Volume 5 in the series and this is Level 1 for infants to toddlers. The books in this juvenile non-fiction series are intended to teach reading in two languages; they are not "story" books. This book includes single words and pairs of words for the ear training of infants as well as toddlers. The pictures help infants associate sounds with symbols--images at first

and ultimately words at the toddler level and beyond. Toddlers will be able to repeat words, word pairs, phrases, and brief sentences aided by the picture cues. They will gradually be able to read the words using the printed word as their cue. This volume presents images of the natural world around us and are of high interest to young children. The natural environment, earth, sky, water features, animals, flowers, fruits, vegetables, and a variety of types of people are included. The book teaches that "God made this." Color photos and illustrations were carefully selected to captivate your child's interest. Words and sentences were judiciously chosen and crafted to facilitate learning for both age groups. Words are re-entered throughout the book to help your child feel a sense of accomplishment. It is suggested that only one language be read at a time. Start with the child's first or "maternal" language for several reading sessions, then introduce the second language. At no time should the two languages be read during the same session. This volume should be of interest to English speakers who want to teach their child(ren) French as well as French speakers who wish to teach their child(ren)

English. In addition, speakers of other languages will find the book useful for teaching their child(ren) both French and English. The books are ideal for day care centers, preschools, and elementary schools that offer or wish to include bilingual education or ESL in their educational programs. These bilingual print books and ebooks are suitable for the bilingual education of young people from infant to early elementary school. Spanish is a fun, social activity! What makes "Spanish with Amigos" different from the many other Spanish books out there is that instead of studying Spanish by yourself, this book was designed for you to practice your Spanish conversation skills right from the start with a friend (an intercambio), a conversation group (grupo de conversación), or even a beginning Spanish conversation class (clase de conversación). "Spanish with Amigos" has been intentionally designed to be very simplistic - with little grammar included. Each of the 22 topics start with a manageable vocabulary list of 12-20 words/phrases, including a phonetic pronunciation guide, such: Good morning. / Buenos días. / BWAY-nose DEE-ahs. The topic is immediately followed by role-play ideas and conversational exercises so that you can practice the vocabulary with your co-workers, family, and friends - making Spanish a fun, social activity!
