ESL Curriculum Learning English with LaughterModule 3 Part 1 Intermediate Teacher's Guide #1 NEW YORK TIMES BESTSELLER • A special 20th anniversary edition of the beloved book that changed millions of lives—with a new afterword by the author Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He rediscovered Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class": lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.

"A searing and emotionally gripping account of a young black girl growing up to become a strong black woman during the most difficult time of racial segregation."—Professor

Charles Ogletree, Harvard Law School "Provides important context for an important moment in America's history."—Associated Press When fourteen-year-old Carlotta Walls walked up the stairs of Little Rock Central High School on September 25, 1957, she and eight other black students only wanted to make it to class. But the journey of the "Little Rock Nine," as they came to be known, would lead the nation on an even longer and much more turbulent path, one that would challenge prevailing attitudes, break down barriers, and forever change the landscape of America. For Carlotta and the eight other children, simply getting through the door of this admired academic institution involved angry mobs, racist elected officials, and intervention by President Dwight D. Eisenhower, who was forced to send in the 101st Airborne to escort the Nine into the building. But entry was simply the first of many trials. Breaking her silence at last and sharing her story for the first time, Carlotta Walls has written an engrossing memoir that is a testament not only to the power of a single person to make a difference but also to the sacrifices made by families and communities that found themselves a part of history.

Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play.
