The Turn of the Screw
Illustrated Spark Notes
The War of the Worlds is a science fiction novel by English author H. G. Wells, first serialised in 1897 by Pearson's Magazine in the UK and by Cosmopolitan magazine in the US. The novel's first appearance in hardcover was in 1898 from publisher William Heinemann of London. Written between 1895 and 1897, it is one of the earliest stories to detail a

conflict between mankind and an extraterrestrial race
Of Mice and Men Of Mice and Men

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't

know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem. Heart of Darkness HarperCollins
A masterpiece of Biblical scope, and the magnum opus of one of America ' s most enduring authors, in a commemorative hardcover edition In his journal, Nobel Prize winner John Steinbeck called East of Eden "the first book,"

and indeed it has the primordial power and simplicity of myth. Set in the rich farmland of California's Salinas Valley, this sprawling and often brutal novel follows the intertwined destinies of two families—the Trasks and the Hamiltons—whose generations helplessly reenact the fall of Adam and Eve and the poisonous rivalry of Cain and Abel. The masterpiece of Steinbeck's later years, *East of Eden* is a work in which Steinbeck created his most mesmerizing characters and explored his most enduring themes: the mystery of identity, the inexplicability of love, and the murderous consequences of love's absence. Adapted for the 1955 film directed by Elia Kazan introducing James Dean, and read by thousands as the book that brought Oprah's Book Club back, *East of Eden* has remained vitally present in American culture for over half a century.

Spider Eaters Penguin

When an essay is due and dreaded exams loom, this title offers students what they need to succeed. It provides chapter-by-chapter analysis, explanations of key themes, motifs, and symbols, a review quiz and essay topics. It is suitable for late-night studying and paper writing.

ANTHEM Vintage

Hailed by *The New York Times* as "a compelling dystopian look at paranoia from one of the most unique and perceptive writers of our time," this brief, captivating novel offers a cautionary tale. The story unfolds within a society in which all traces of

individualism have been eliminated from every aspect of life — use of the word "I" is a capital offense. The hero, a rebel who discovers that man's greatest moral duty is the pursuit of his own happiness, embodies the values the author embraced in her personal philosophy of objectivism: reason, ethics, volition, and individualism. *Anthem* anticipates the themes Ayn Rand explored in her later masterpieces, *The Fountainhead* and *Atlas Shrugged*. *Publisher's Weekly* acclaimed it as "a diamond in the rough, often dwarfed by the superstar company it keeps with the author's more popular work, but every bit as gripping, daring, and powerful." *Anthem* is a dystopian fiction novella by Ayn Rand, written in 1937 and first published in 1938 in England. It takes place at some unspecified future date when mankind has entered another dark age characterized by irrationality, collectivism, and socialistic thinking and economics. Technological advancement is now carefully planned (when it is allowed to occur at all) and the concept of individuality has been eliminated.

BEYOND BOOKS HUB

Maus I: A Survivor's Tale and *Maus II - the complete story of Vladek Spiegelman and his wife, living and*

surviving in Hitler's Europe.

By addressing the horror of the Holocaust through cartoons, the author captures the everyday reality of fear and is able to explore the guilt, relief and extraordinary sensation of survival - and how the children of survivors are in their own way affected by the trials of their parents. A contemporary classic of immeasurable significance. *The Color of Water* Spark Notes

Steinbeck's tough yet charming portrait of people on the margins of society, dependant on one another for both physical and emotional survival. Published in 1945, *Cannery Row* focuses on the acceptance of life as it is: both the exuberance of community and the loneliness of the individual. Drawing on his memories of the real inhabitants of Monterey, California, including longtime friend Ed Ricketts, Steinbeck interweaves the stories of Doc, Dora, Mack and his boys, Lee Chong, and the other characters in this world where only the fittest survive, to create a novel that is at once one of his most humorous and poignant works. In her introduction, Susan Shillinglaw shows how the novel expresses, both in

style and theme, much that is essentially Steinbeck: "scientific detachment, empathy toward the lonely and depressed...and, at the darkest level...the terror of isolation and nothingness."

For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. From the Trade Paperback edition.

Measure for Measure Bold Type Books

"Fifteen years after its first publication, *Spider Eaters* remains my go-to memoir about coming of age during the Mao years. Rae Yang's work is notable for its reflectiveness, complexity, psychological insight, and unflinching honesty. I commend this riveting work to a generation of readers for whom the Cultural Revolution is now of 'merely' historical interest."—Gail Hershatter, University of California, Santa Cruz "By oscillating between scenes that are bland in their matter-of-fact concreteness

and ones that are almost unbelievable in their nightmarish cruelty and complexity, Rae Yang skillfully evokes the bizarre and contradictory 'revolutionary' world in which she grew up in Mao's China. *Spider Eaters* is a reminder of what a traumatic history the Chinese people have undergone this century and that a country's past—even when many would rather forget it—always lives irrevocably on within those who experienced it."—Orville Schell, author of *Mandate of Heaven* "How can we expect anyone to know the United States without understanding the effect the Sixties had on all of us?

Similarly, how can we know China without comprehending the impact the Sixties and the Cultural Revolution had on its politics, culture, and people? Rae Yang's *Spider Eaters* goes far in building that understanding. It is a gripping memoir."—Lisa See, author of *On Gold Mountain*

Piranesi's house is no ordinary building: its rooms are infinite, its

corridors endless, its walls are lined with thousands upon thousands of statues, each one different from all the others. Within the labyrinth of halls an ocean is imprisoned; waves thunder up staircases, rooms are flooded in an instant. But Piranesi is not afraid; he understands the tides as he understands the pattern of the labyrinth itself. He lives to explore the house. There is one other person in the house—a man called The Other, who visits Piranesi twice a week and asks for help with research into *A Great and Secret Knowledge*. But as Piranesi explores, evidence emerges of another person, and a terrible truth begins to unravel, revealing a world beyond the one Piranesi has always known. For readers of Neil Gaiman's *The Ocean at the End of the Lane* and fans of Madeline Miller's *Circe*, Piranesi introduces an astonishing new world, an infinite labyrinth, full of startling images and surreal beauty, haunted by the tides and the clouds.

New star-crossed lovers are put to the test on the first

day of Death-Cast's fateful calls.

They Both Die at the End Independently Published
The Red and the Black
Stendhal - First published in 1830, *The Red and the Black*, is widely considered the masterpiece of 19th century French author Marie-Henri Beyle, known more commonly by his pen name, Stendahl. It follows the ambitions of Julien Sorel, a young man raised in the French countryside who wishes to rise above his provincial station by climbing the social ranks of Parisian society. Through a series of events, Julien's talent and hard work give way to deception and hypocrisy when he realizes the limitations for advancement of a sincere and honest man of humble origins. Although Julien achieves much which he aspires to, ultimately his pride gets the better of him when he commits a violent crime of passion, leading to his tragic downfall. Through the deep psychological introspection of Julien we see Stendhal's unique literary genius, the remarkable way in which he allows readers to live in the minds of his characters. Set against the backdrop of the July Revolution of 1830, *The Red and the Black* is a narrative which embodies the rich social conflict of that time. This edition is translated with an introduction by Horace B. Samuel.
Simon and Schuster
The Turn of the Screw is an 1898 Horror novella by Henry

James that first appeared in serial format in Collier's Weekly magazine (January 27 - April 16, 1898). In October 1898 it appeared in *The Two Magics*, a book published by Macmillan in New York City and Heinemann in London. Classified as both gothic fiction and a ghost story, the novella focuses on a governess who, caring for two children at a remote estate, becomes convinced that the grounds are haunted.

Of Mice and Men

SparkNotes Literature Guide DigiCat
A Penguin Classic Written at a time of profound anxiety caused by the illness of his mother, Nobel Prize winner John Steinbeck draws on his memories of childhood in these stories about a boy who embodies both the rebellious spirit and the contradictory desire for acceptance of early adolescence. Unlike most coming-of-age stories, the cycle does not end with a hero "matured" by circumstances. As John Seelye writes in his introduction, reversing common interpretations, *The Red Pony* is imbued with a sense of loss. Jody's encounters with birth and death express a common theme in Steinbeck's fiction: They are parts of the ongoing process of life, "resolving" nothing. *The Red Pony* was central not only to Steinbeck's emergence as a major American novelist but to the shaping of a distinctly mid-twentieth-century genre, opening up a new range of possibilities about the fictional presence of a child's world. This edition contains an introduction by John Seelye. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world.

With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Oxford Literature Companions: Of Mice and Men Turtleback Books
This text is a collection of Steinbeck's rendition of stories heroic, romantic and tragic from Malory's *Morte D'Arthur* which chronicle the life of Arthur, from his mysterious birth through battles and adventures to his establishment as king.
Guided Edition for Students: of Mice and Men Wings Press

From a leading journalist and activist comes a brave, beautifully wrought memoir. When Darnell Moore was fourteen, three boys from his neighborhood tried to set him on fire. They cornered him while he was walking home from school, harassed him because they thought he was gay, and poured a jug of gasoline on him. He escaped, but just barely. It wasn't the last time he

would face death. Three decades later, Moore is an award-winning writer, a leading Black Lives Matter activist, and an advocate for justice and liberation. In *No Ashes in the Fire*, he shares the journey taken by that scared, bullied teenager who not only survived, but found his calling. Moore's transcendence over the myriad forces of repression that faced him is a testament to the grace and care of the people who loved him, and to his hometown, Camden, NJ, scarred and ignored but brimming with life. Moore reminds us that liberation is possible if we commit ourselves to fighting for it, and if we dream and create futures where those who survive on society's edges can thrive. *No Ashes in the Fire* is a story of beauty and hope-and an honest reckoning with family, with place, and with what it means to be free. Lambda Literary Award - Gay Memoir/Biography (Winner - 2019) A New York Times Notable Book of the Year (2018)
