Adulting is hard! But “kidulting” — engaging in nostalgic childhood activities to relieve stress, like playing with your old favorite toys, participating in games and activities from your youth, and even snacking on the foods you enjoyed as a kid— isn ’ t. Let this book be your guide to indulging your inner child. “Kidulting” is a

thing, and it ’ s growing! Especially popular among millennials, the term “kidulting” refers to engaging in activities from your childhood, sometimes with a grown-up twist. Psychology Today points out that playing like a kid helps you look at the world with fresh eyes—or “beginner ’ s mind” —which allows you to slow down and focus. The Kidult Handbook is a fun and informative guide to healthy escapism through play. Much like adult coloring books, kidulting is a way of focusing your mind on something fun and creative to relieve stress. But this book goes way beyond just coloring—it includes 160 ideas for fun, from timeless classics like building blanket and pillow forts, to generation-

specific ideas, from millennials to boomers. Interspersed throughout are fun facts and trivia about games through the ages. Most activities are unplugged and screen-free, and range from solitary pursuits to ones you can share with a friend or two. Feeling young again has never been so easy!

"Adam Rapp's brilliant and haunting story will break your heart. But then his words will mend it. . . . Absolutely unforgettable." – Michael Cart
On the run in a stolen car with a kidnapped baby in tow, Custis, Curl, and Boobie are three young people with deeply troubled pasts and bleak futures. As they struggle to find a new life for themselves, it becomes painfully clear that none of them will ever be able to leave the past behind. Yet for one, redemption is waiting in the

unlikeliest of places. With the raw language of the street and lyrical, stream-of-consciousness prose, Adam Rapp hurtles the reader into a world of lost children, a world that is not for the faint of heart. Gripping, disturbing, and starkly illuminating, his hypnotic narration captures the voices of two damaged souls - a third speaks only through drawings - to tell a story of alienation, deprivation, and ultimately, the saving power of compassion.
