Literature in 1969, Samuel Beckett's influence on 20th century fiction and drama is immeasurable. Published in conjunction with the RT (Radio Telefís Éireann) Thomas Davis Lecture Series to mark the centenary of Beckett's birth, Samuel Beckett - 100 Years consists of thirteen essays by many of the foremost academics studying Beckett today. Literary luminaries such as John Banville and Anthony Cronin line up alongside philosophers Dermot Moran and Richard Kearney to delve

into the psyche of the man responsible for classics such as *Murphy*, *Krapp's Last Tape*, and *Waiting for Godot*, while actors Barry McGuovern and Rosemary Pountney describe what makes his works so theatrical. The book is a challenging and serious look at Beckett's work and its impact on literature today. *Twist and Go (automatic Transmission) Scooters* Haynes Manuals N. America, Incorporated This is one in a series of manuals for car or

motorcycle owners. Each book provides information on routine maintenance and servicing, with tasks described and photographed in a step-by-step sequence so that even a novice can do the work.
