Popular Science

“A wonderfully sane, down-to-earth, and frequently funny guide to riding, maintaining, fixing and enjoying your bicycle.” Dave Eggers, New York Times Book Review Winner Silver Medal 2013 Independent Publisher Book Awards In the same way that Michael

Pollan's slim bestseller *Food Rules* brought a gust of common sense to the everyday activity of eating, *Just Ride* is a revelation. Forget the ultralight, uncomfortable bikes, flashy jerseys, clunky shoes that clip onto tiny pedals, the grinding out of endless miles. Instead, ride like you did when you were a kid—just get on your bike and discover the pure joy of riding it. A reformed racer who's commuted by bike every day since 1980, whose writings and opinions appear in major bicycling and outdoor magazines, and whose company, Rivendell Bicycle Works, makes bikes for riders ready to opt out of a culture overrun by racing, Grant Petersen shares a lifetime of unexpected facts, controversial opinions, expert techniques, and his own maverick philosophy. In 87 short, two-to-three page chapters, it covers:

- Riding: Count Days, Not Miles; Corner Like Jackie Robinson; Steer with Your Hips, Shift with Your Legs
- Suiting Up: The Shoes Ruse;

- Ponchos—the Ultimate Unracer's Garment
- Safety: #1 Rule—Be Seen; Helmets Aren't All They're Cracked Up to Be
- Health and Fitness: Why Riding Is Lousy All-Around Exercise; Saddles Don't Cause Impotence; Drink When You're Thirsty—Not Before Also

includes chapters on Accessories, Upkeep, and Technicalities as well as a final chapter titled "Velosophy" that includes the essential, memorable thought: Your Bike Is a Toy—Have Fun with It.

PCs

Haynes disassembles every subject vehicle and documents every step with thorough instructions and clear photos. Haynes repair manuals are used by the pros, but written for the do-it-yourselfer.

Popular Science Monthly and World's Advance

Originally published by Floyd Clymer this is a faithful reproduction of the 1967 publication of that manual. Includes complete technical data, service and maintenance information and comprehensive detailed instructions for the repair and overhaul of all major and minor mechanical and electrical components. Covers the Porsche 356-356A-356B-356C series from 1948 through 1965, making it an invaluable resource for collectors and restorers of these classic automobiles. There are separate sections that deal with the repair and overhaul procedures for the engine, ignition system, fuel system, clutch, transmission, rear suspension, steering, front suspension, brakes, shocks, heater and exhaust plus a detailed electrical system section including wiring diagrams.

There is a comprehensive chapter on routine service, maintenance and tune ups plus detailed technical specifications and maintenance charts. In addition, there are separate chapters dealing with the three different carburetors fitted to the 356 series - Solex, Zenith and Weber plus a chapter on the Carrera engine and special section on increasing power and performance. This is a - must have - reference for any Porsche 356 enthusiast and would certainly assist in helping any potential purchaser better understand the inner workings prior purchasing of one of these classic automobiles. Out-of-print and unavailable for many years, this book is becoming increasingly more difficult to find on the secondary market and we are pleased to be able to offer this reproduction as a

service to all Porsche enthusiasts worldwide.
