Sobel's central thesis is that Africans brought their world views into North America where, eventually, under the tremendous pressures and hardships of chattel slavery, they created a coherent faith that preserved and revitalized crucial African understandings and usages regarding spirit and soul-travels, while melding them with Christian understandings of Jesus and individual salvation.

Trabelin' on Penguin Lucy Snyder 's stories are the sort that carry you away to unusual places, usually dark ones, and this collection is a perfect example. As

the follow-up to the Bram Stoker Award winning collection Soft Apocalypses, it contains plenty of darkly imaginative tales. Many of these stories, including the title piece, are heavily influenced by the work of H.P. Lovecraft and The King in Yellow mythos. They whisper madly among each other creating weird echoes. Like the black stars of theoretical astronomy they are dense entities born from polarization so strong that instead of collapsing into nothingness, a black hole, they instead form dark constellations burning dimly with spectral light. Exposed Nerves continues the explorations into dark poetry by Stoker Award winner and Shirley Jackson Award nominee Lucy A. Snyder, pairing the author's sly wordplay and imagery with grim introspection. By turns challenging, wryly amusing and gut-wrenching, Snyder's work plumbs bittersweet catharsis and maps a survivor's path through dangerous worlds, both the real and the horrifically imagined. “*Exposed Nerves* vibrates with energy and rewards with clarity of vision.” -Mary Turzillo, Stoker-nominated and Elgin Award-winning poet Praise for Lucy A. Snyder's Stoker-winning poetry collection *Chimeric Machines*: “(This) may be the best collection of poetry I've read in years... There is not one poem in *Chimeric Machines* that doesn't fit in place like a delicately carved piece of a complex and consuming puzzle. ... There is no other writer working today quite like Lucy A. Snyder.” -Hellnotes “What Snyder accomplishes in less than eighty pages is an emotional

scoring that few can approach. ... This is (real life), given breath and teeth, stood out in front of the world in all its beautiful grime. Her work is emotional, powerful, and will shake a person's foundations ... I applaud this collection.” -Scott A. Johnson, author of *Shy Grove* “Snyder is a massively talented writer—the sort who knows how to make you take a gulp when you hit the ending of a story or poem—and this poetry collection made me gulp with awe on virtually every page.” -Michael A. Arnzen, author of *Proverbs for Monsters* “Her poetry is powerful, honest, playful ... this is not the first time she has walked dangerous, uncertain roads with her work and I hope it will not be the last.” -Horror News
