How to Teach Spelling is a comprehensive resource manual, and corresponding workbooks provide a structured and graded method to plan spelling lessons. The manual contains the material to be used at all grade levels. At the beginning of each lesson, the manual explains which words to cover for the grade level you are working with. The workbooks teach spelling rules and generalizations, provide space for copying words, and indicate when students should write words, phrases, and/or sentences from dictation. The workbooks help students understand and practice the material. How to Teach Spelling is an excellent program for teachers who want their students to learn to recognize the sounds in the English language, to decode words, and to spell words correctly by relying on spelling rules and patterns rather than on memory. Please note this is only the manual.
