The Last Wish Orbit

Geralt is a witcher, a man whose magic powers, enhanced by long training and a mysterious elixir, have made him a brilliant fighter and a merciless assassin. Yet he is no ordinary murderer: his targets are the multifarious monsters and vile fiends that ravage the land and attack the innocent. He roams the country seeking assignments, but gradually comes to realise that while some of his quarry are unremittingly vile, vicious grotesques, others are the victims of sin, evil or simple naivety. One reviewer said: 'This book is a sheer delight. It is beautifully written, full of vitality and endlessly inventive: its format, with half a dozen episodes and intervening rest periods for both the hero and the reader, allows for a huge range of characters, scenarios and action. It's thought-provoking without being in the least dogmatic, witty without descending to farce and packed with sword fights without being derivative. The dialogue sparkles; characters morph almost imperceptibly from semi-cliche to completely original; nothing is as it first seems. Sapkowski succeeds in seamlessly welding familiar ideas, unique settings and delicious twists of originality: his Beauty wants to rip the throat out of a sensitive Beast; his Snow White seeks vengeance on all and sundry, his elves are embittered and vindictive. It's easily one of the best things I've read in ages.'

In 1903, the British offered Uasin Gishu in Kenya as a National Home for Jews escaping persecution in Eastern Europe. However, this was never put into effect. This novel explores the feelings of the time and the experiences of an ordinary Jewish settler family. It also focuses on the impact that international events and racial attitudes throughout the Twentieth Century had on East Africa. A character conjectures how differently things might have turned out if desperate refugees, instead of Afrikaner trekkers and English officers, had been established around Farm 64.
