Nancy Clark's life was transformed forever by a near-death and a near-death-like experience that resulted in her passion to show us that humans can experience the reality of their true, authentic self - the self that is rooted in the divine and brimming with love for all humanity. She has been researching spiritually transformative experiences for thirty years and now in this groundbreaking book, she has compiled diverse spiritually transformative experiences happening to ordinary people today. The experiences are varied and include near-death and near-death-like experiences, out-of-body experiences, after-death communications, spiritual awakenings, religious conversion experiences, meditative and prayerful experiences, and mystical experiences. Learn how these individuals awakened to a new understanding of their deepest assumptions about the eternal questions: Why am I here? Where am I going? What is the purpose of life? Learn how their inner wisdom can assist all of us in understanding that we are more than biological beings; we are spirits of consciousness that are gifted with a love born of our divine nature.

Politics of Social Research addresses itself to the question of the behavior appropriate for social scientists conducting research sponsored by or otherwise involving government agencies--our own and those of other countries. The simple patriotism that suggests that social scientists, like other citizens, should not hesitate to put their skills at the service of their government is questioned here and by practitioners. This is partly because of outright disagreement with government policies and partly because of the threat to independence posed by massive government funding. As this book plainly shows, the problems are especially acute for social scientists working abroad, where they are viewed as de facto representatives of American policy while at the same time they must accommodate to the policies of foreign governments.

Revival: On the Study of Words (1904) Rarebooksclub.com

Taryn Clark thought she'd outgrown the need to find her birth mother. She thought that a successful career and a comfortable life in the city were enough to be happy. Did she really need to know about the woman who had given her away? Adopted at birth, her first few years were happy. It hadn't mattered that she didn't know her heritage; she had parents who loved her and wanted her. But divorce, and then death, ripped their tiny family apart, and at the tender age of six, she entered the foster care system. Over the next dozen years, she shuffled from home to home. Finding her roots seemed an impossible dream. But dreams are resilient. An unexpected discovery awakens old yearnings of belonging to a family, of being part of something bigger than herself. Finding the brief, ambiguous note from her birth mother is enough to unfurl the ribbons of hope still binding her heart. Her quest takes her to Lancaster County, Pennsylvania and the heart of the Plain community. Aided by her unique eye color, a healthy dose of luck, and the private investigator she hires, Taryn finds her birth family

easily enough, but finding the truth is another matter. In all her musings, she never imagined a scenario where her mother might be Amish. She never imagined that the fabric of her life might be a patchwork of faith and fear, stitched together with a dark family secret. Taryn is determined to trace her roots, even if it means digging in the mud to do so. Now she's caught in the quicksand of a shocking discovery and the consequences of choices made, almost forty years ago. She'll risk everything to uncover the truth and to claim the family--and the roots--she so desperately craves.

ADVERTISING AND INTEGRATED BRAND PROMOTION, FOURTH EDITION is highly visual and provides an integrated learning experience for the student. The new edition continues the tradition of delivering a solid understanding of advertising strategy, through a clearly written text as well as through the most contemporary ads. The table of contents follows the same process as an advertising agency. Like other aspects of business, good advertising is the result of hard work and careful planning. The new edition of Advertising and Integrated Brand Promotion illustrates how to best accomplish this.
