In 2 Corinthians 5:17 we find,

Therefore, if anyone is in Christ, he is a new creation; old things have passed away, and look, new things have come. Despite this, the church seems increasingly to be a place where transformation fails to occur. Surveying the landscape, however, there are some bright spots where churches are faithfully producing transformed disciples. Furthermore, as shown in Scripture and supported by new research, God designed such transformation to often happen in the context of smaller groups of people. But what characteristics are true of churches that are making transformed disciples through group-based ministry—whether small groups, missional communities, Sunday school, or some other expression of

groups? In *Transformational Groups*, Ed Stetzer and Eric Geiger have created a new scorecard that will provide a map to transformational success for your church's groups ministry. Using data from the largest survey of pastors and laypersons ever done on the condition of groups in the church, they define a simple process to lead your groups from where they are to where God wants them to be.

If you're the apostle Paul, what do you say to a church like the church at Corinth? Like a father, you sternly correct them. But

first you remind them of who they are in Christ, and who Christ is. You call them back to the gospel. And that's what this 6-session study of 1 Corinthians has been created to do with your small group: call them back to the gospel.

like *Never Before Communicating the Scriptures* is much like building a bridge. However, instead of ravines or rivers, the teacher must span both cultural boundaries and great gulfs of time between the present and the pasts of Moses, David, Jesus, and Paul. Though God's Word is always relevant,

---

the teacher must help students see Scripture 's vast treasures. The effective, engaging Bible teacher must, therefore, become creative. Together, Lawrence Richards and Gary Bredfeldt have created the ultimate guide to building bridges for those seeking to learn about God ' s Word. *Creative Bible Teaching* offers a five-step process by which Christian educators can construct a bridge across time, geography, and culture to help students of all ages connect with God ' s Word. This newly revised edition makes learning about God ' s Word more accessible for both teachers and students today. Simple, clear, and memorable, the method laid out in *Creative Bible Teaching* provides a sure-fire way

of communicating God's Word in a way that sticks.

Israel, the Church, and the Middle East B&H Publishing Group Breathing Life into Sunday School speaks to the most important ministry that churches have, their Bible teaching ministry. Although Sunday school goes by many names today, it is still a time-honored and effective ministry for teaching the Bible, reaching people for Christ, assimilating them into the church, and growing them as disciples. The majority of churches inside and outside the SBC utilize Sunday school and need to know ways to grow it and improve its health. Although Sunday school is an important ministry, many churches have not experienced its full potential. Sunday school is in decline in most denominations,

---

and there is a lack of health and vitality that it once had. In many churches, the leadership of the Sunday school is in the hands of untrained laymen (Sunday school directors), or is led by the pastor who has no paid staff members, and who might even be bi-vocational. This limits the pastor's time to address the needs of the church's Sunday school. This book details twelve ways that a church can experience new life and vibrancy in its Sunday school ministry. The twelve essentials are replicable by churches of any size. Based on the author's extensive history and training in Christian education and Sunday school, he helps the reader focus on key practices that are needed in order for a Sunday

school to grow. The 128 page book is designed to help church leaders train Sunday school directors, teachers, and group members of a Sunday school class or Bible study group.
