Rastafarian Music in Contemporary Jamaica
Springer

Traces the social history of marijuana from its emergence in the 1960s culture wars through the 1996 legalization of medicinal marijuana in California, profiling the multibillion-dollar marijuana industry and how it is reshaping health care.

Adventures into the Uncharted World of Cannabis
Macmillan

Based on the popular MUNCHIES and VICELAND television series Bong App é tit, this cannabis cookbook features 65

‘ high ’ -end recipes for sweet and savoury dishes as well as cocktails to satisfy all your catering needs! Bong App é tit is for a generation interested in making serious, upscale food – with weed. From weed butter-basted chicken to weed chimichurri to weed brownie sundaes, the science of infusing oils, butters,

milks, alcohol and more is broken down to create a wide range of exciting new recipes. Bong App é tit also includes a selection of starter to dessert dishes, like North African broccoli salad, roasted vegetables with whipped weed-infused honey, green mac and cheese, ‘ pakalolo ’ poke bowl, Korean fried chicken, green shellfish curry, stoner candy bites and an adults-only celebration cake. Each recipe is accompanied with a guide on how much THC (tetrahydrocannabinol) it contains, so you can control your high. Along the way, the book hits on the best equipment to extract cannabinoids, how to prepare the plants for cooking or storage, marijuana politics, dosage and pairing strains and flavours, and has tips from MUNCHIES ’ vast network of friends and experts, including Bong App é tit stars Ry Prichard and Vanessa Lavorato. Whether you want to host a dank dinner party or treat yourself to a casual edible, this book ’ s got you covered!

HarperCollins

Document from the year 2009 in the subject History - America, University of Bremen, language: English, abstract: The emergence and expansion of Rastafarianism has been a subject for some scholarly study in the Caribbean. The

movement has flourished in due process as an outlet to a huge social and psychological confusions and decades-long conflicts inside the movement and society of the islands. To many sociologists, it is the inevitable consequence of Africans in Diaspora, people seeking to define their own identity and psychological needs. It is a movement created not by a revolution but out of confusions and in search of their roots with a Black God on the top. Rastafarianism presents a mixture of politics and theology that has emerged out of its formative years, as they call it “in the Babylon”. In creating their own religion the Rastafarians depend not only on the historical, social or empirical experience of African descendants in the Diaspora but also for their own analysis to determine an active plan for liberation. Regardless of other social norms, they draw on the transcendental sources of human sensibility, theocracy and imagination. For as persons who see themselves to be persecuted, wronged and deprived, to be all but trapped in a situation of persistent material poverty including cultural degradation, the only way they see to get out of this situation “Babylon” is through an apocalypse. From the early Christian history we know that small groups who have worshipped false gods or established their own Temples never succeeded and their religions have corroded including their followers. However, it seems different with the Rastafarians; because their movement is growing stronger -speeding in almost all the continents. This book is in part a revised version of both books “Babylon Muss Fallen, Germany 1989 and “The Rastafarians: In search of Their Identity, Puerto Rico 1985” and in part a contribution of Rastafarian elders, women, activists and musicians. Dozens of authors wrote in this book and throughout the entire book, we have tried to reflect their ideas and philosophy by printing the interviews in their own words of Rastafarian Language (not in pure Creole English or Jamaican Patois = Patwa) to preserve the originality. Thus, we warn our readers that all words and phrases they find in this book is not written in a standard English but intentionally written (and we were kindly requested) to reflect the importance of the words and how they use them to interpret their deep philosophical ideas. G.Y. Iyassu Menelik. April 2009, Miami Beach, FL

The Last Word in Cannabis Culture? Chicago Review Press

Lifting the veil on all facets of the marijuana industry, Start Your Own Cannabis Business sheds light the business opportunities available as it becomes legal and regulated across the globe. From retailers to growers, producers, and suppliers there's a seemingly never-ending list of startup opportunities in this emerging market such as providing security and courier services; making concentrates and edibles; growing, distribution, and sales to list a few. In 2016, cannabis sales in North America reached about \$6.7 billion and is expected to surge to \$30 billion by 2021. Add in the fact that 70 to 80 percent of startup cannabis businesses reach break-even within the first year and that makes for an unprecedented opportunity for business ventures of all sizes. Cannabis, biotech and entrepreneurship reporter Javier Hasse introduces forward-thinking entrepreneurs, like you, to the industry and shares hard-earned tips and success stories from pioneers and visionaries in the marijuana

industry. You'll also learn how to: Evaluate your cannabis business idea, build a business plan, and find funding Grow your business into a multi-state company Comply with the IRS and regulations with the guidance of cannabis-savvy lawyers and accountants

An anthropologist visits the frontiers of genetics, medicine, and technology to ask: whose values are guiding gene-editing experiments, and what are the implications for humanity? At a conference in Hong Kong in November 2018, Dr. Jiankui He announced that he had created the first genetically modified babies—twin girls named Lulu and Nana—sending shockwaves around the world. A year later, a Chinese court sentenced Dr. He to three years in prison for “illegal medical practice.” As scientists elsewhere start to catch up with China’s vast genetic research programme, gene editing is fuelling an innovation economy that threatens to widen racial and economic inequality. Fundamental questions about science, health, and social justice are at stake. Who gets access to gene-editing technologies? As countries loosen regulations around the globe, can we shape research agendas to promote an ethical and fair society? Professor Eben Kirksey takes us on a groundbreaking journey to meet the key scientists, lobbyists, and entrepreneurs who are bringing cutting-edge genetic modification tools like CRISPR to your local clinic. He also ventures beyond the scientific echo chamber, talking to doctors, hackers, chronically ill patients, disabled scholars, and activists and who have alternative visions of a genetically modified future for humanity. The Mutant Project empowers us to ask the right questions, uncover the truth, and navigate this new era of scientific enquiry.

Hardship and excess, determination and greed, power and folly, love and loss combine amidst the beauty of Dartmoor, the squalor of

the battlefield and the elegance and excitement of London, in this tale of an extraordinary man and his family.

Drugs, Mysticism, and the Pursuit of Transcendence in the Modern World Springer

This book is a collection of studies of drug policies in several Latin American countries. The chapters analyze the specific histories of drug policies in each country, as well as related phenomena and case studies throughout the region. It presents conceptual reflections on the origins of prohibition and the “War on Drugs,” including the topic of human rights and cognitive freedom. Further, the collection reflects on the pioneering role of some Latin American countries in changing paradigms of international drug policy. Each case study provides an analysis of where each state is now in terms of policy reform within the context of its history and current socio-political circumstances. Concurrently, local movements, initiatives, and backlash against the reformist debate within the hemisphere are examined. The recent changes regarding the regulation of marijuana in the United States and their possible impact on Latin America are also addressed. This work is an important, up-to-date and well-researched reference for all who are interested in drug policy from a Latin American perspective.

A Social History of Marijuana - Medical, Recreational and Scientific Springer

Weed. Pot. Mary Jane. Grass. No matter what you call marijuana, it's still dope. In this irreverent and all-inclusive look at cannabis, you will learn all there is to know about the psychoactive substance Bill Clinton didn't inhale - but many others did - including: How pot can help cure a hangover Why The Man really doesn't want to legalize weed How to make a bong from an apple The real deal behind Reefer Madness And more! The Joint Rolling Handbook 2 Milo Books Ltd

Clubbing explores the cultures and spaces of clubbing. Divided into three sections:

Beginnings, The Night Out and Reflections, Clubbing includes first-hand accounts of clubbing experiences, framing these accounts within the relevant research and a review of clubbing in late-1990s Britain.

Malbon particularly focuses on: the codes of social interaction among clubbers issues of gender and sexuality the effects of music the role of ecstasy clubbing as a playful act and personal interpretations of clubbing experiences.

A Very Trippy Miscellany Cider Mill Press

The former editor-in-chief of Details and Star adventures into the fascinating "brave new

world" of cannabis, tracing its history and possible future as he investigates the social, medical, legal, and cultural ramifications of this surprisingly versatile plant. Pot. Weed. Grass. Mary Jane. We all think we know what cannabis is and what we use it for. But do we? Our collective understanding of this surprising plant has been muddled by politics and morality; what we think we know isn't the real story. A war on cannabis has been waged in the United States since the early years of the twentieth century, yet in the past decade, society has undergone a massive shift in perspective that has allowed us to reconsider our beliefs. In *Brave New Weed*, Joe Dolce travels the globe to "tear down the cannabis closet" and de-mystify this new frontier, seeking answers to the questions we didn't know we should ask. Dolce heads to a host of places, including Amsterdam, Israel, California, and Colorado, where he skillfully unfolds the odd, shocking, and wildly funny history of this complex plant. From the outlandish stories of murder trials where defendants claimed "insanity due to marijuana consumption" to the groundbreaking success stories about the plant's impressive medicinal benefits, Dolce paints a fresh and much-needed portrait of cannabis, our changing attitudes toward it, and the brave new direction science and cultural acceptance are leading us. Enlightening, entertaining, and thought-provoking, *Brave New Weed* is a compelling read that will surprise and educate proponents on both sides of the cannabis debate.

A Study of Socioreligious Music of the Rastafarian Movement in Jamaica Collins & Brown

Talking Young Femininities explores the spontaneous talk of adolescent British girls from different socio-cultural backgrounds, examining the different discursive identities they negotiate in their talk, including the 'cool' private-school-girl, the 'tough' British Bangladeshi girl, and the 'sheltered' East End girl.

No. 1 Chesterfield Square Springer

For marijuana aficionados of all ages, a neat little handbook of all things pot related. A take on the "Little Black Book," which reveals all the secrets of its owner, the Little Green Book is a personal repository of all things its owner likes about smoking pot. Highlighted by quotes from world-

famous pot smokers, the book is part journal, part celebration of the community of pot smokers. It includes chapters on cannabis facts, healthy munchies, movie madness, and even your rights as a pot smoker. With lots of places for personal notes.

An Ethnography of British Tourists in Ibiza
Stanford University Press

From one of rock's greatest writers, Love Becomes a Funeral Pyre is the definitive biography of the Doors Spanning the entire history of the band, from the birth of its members to the deaths of those who have departed, this book will long remain the definitive history of a band that changed the history of popular music. The band that started out as the "American Rolling Stones," noted for their wildly unpredictable performances, their jazzy vibe, and the crazed monologues of their front man, ended as badly as did the '60s: abruptly, bloodily, cripplingly. Along with evoking the cultural milieu of Los Angeles in the era, bestselling writer Mick Wall captures the true spirit of that tarnished age. From the release of their classic first album, The Doors, to their last with Jim Morrison, L.A. Woman, this band biography is a brilliantly penetrating and contemporary investigation into the real story of the Doors.

Bong Appétit Collins & Brown

In this witty illustrated primer cartoon buddies Buster Buns and Fats Bat explain, in vivid detail, the fine art of joint rolling. Different types of joints are featured, and are conveniently organized by level of difficulty. Each stage in the rolling process is illustrated with step-by-step instructions, making this an invaluable guide for neophyte tokers, while the more radical rolled creations offer inspiration to experienced smokers. Also included are buying, testing, and growing tips, illustrated in Bobcat's wild style.

Dub Lexington Books

How earnest hippies, frightened parents, suffering patients, and other ordinary Americans went to war over marijuana In the last five years, eight states have legalized recreational marijuana. To many, continued progress seems certain. But pot was on a similar trajectory forty years ago, only to encounter a fierce backlash. In Grass Roots, historian Emily Dufton tells the remarkable story of marijuana's crooked path from acceptance to demonization and back again, and of the thousands of grassroots activists who made changing marijuana laws their life's work. During the 1970s, pro-pot campaigners with roots in the counterculture secured the drug's decriminalization in a dozen states. Soon, though, concerned parents began to mobilize; finding a champion in Nancy Reagan, they transformed pot into a national scourge and helped to pave the way for an aggressive war on drugs. Chastened marijuana advocates retooled their message, promoting pot as a medical necessity and eventually declaring legalization a matter of racial justice. For the moment, these activists are succeeding--but marijuana's history suggests how swiftly another counterrevolution could unfold.

Memory, Humour and Resilience Policy Press

"Spliffs," European slang for joint, can be rolled with marijuana alone, or may include tobacco mixed with either marijuana or hashish. This little but potent item sparks this colorful, wide-ranging salute to cannabis. Laid out with splashy graphics in magazine format, Spliffs 2 mixes engaging short narrative and satirical pieces with

instructional and practical information.

With over 100 color illustrations, the book contains profiles of outlaw heroes and famous dope smugglers; “A Smoker’s Life for Me,” for potheads who insist on integrating the plant into every aspect of their lives; a pictorial tour of rolling papers past and present; and a guide to cannabis etiquette.

There’s a section on movies and marijuana for altered-state film buffs, a map of cannabis use around the world for geographically minded ganjistas, and a guide to pot-themed events and festivals worldwide. More serious stoners can expand their minds with essays on pot in politics, medicine, religion, and art.
