There is value in taking poetry to work, and finding the poetry that's already there. Publications like "Harvard Business Review" and "FastCompany" are starting to write about the power of poetry-noting poetry's effectiveness in building creative thinkers and problem solvers. Yet there is no single source to guide those who are *at work* every day, with little direction for how to explore the power of poetry in the workplace. Glynn Young's "Poetry at Work" is that guide. From discussions about how poetry is built into the very fabric of work, to practical suggestions on how to be a poet at work, this is a book that meets a very real need. Altogether-a landmark book that moves beyond David Whyte's seminal book on poetry and the corporate world. More than just philosophy, this book brings the hope of practice and surprising discovery, the benefits of stress relief and increased accomplishment. *** The Masters in Fine Living Series is designed to help people live a whole life through the power of reading, writing, and just plain living. Look for titles with the tabs "read, write, live, play, learn, " or "grow"-and join a culture of individuals interested in living deeply, richly.

Starting in 1995, NPR 's All Things Considered began presenting poets reading their own works. Introduced by "poetry DJ" Catherine Bowman, these popular short segments allowed

listeners to experience poetry as a kind of verbal music, recalling its roots as a spoken art form. *Word of Mouth*, edited by Bowman, brings together the poems that have been featured on NPR, providing a window onto the dynamic contemporary poetry scene. A child playing with flashes of sunlight in the aisle of an airplane; a woman describing tropical fruit to someone in a faraway country; a man building a deck with his dead father 's hammer; the musings of a Barbie doll participating in a 12-step program: these poems powerfully and lyrically transform the stuff of every day life. A celebration of the poetic voice that includes 33 acclaimed writers, this vibrant anthology proves beyond any doubt that poetry is far more than just words on paper. Though left uncompleted, "Kubla Khan" is one of the most famous examples of Romantic era poetry. In it, Samuel Coleridge provides a stunning and detailed example of the power of the poet 's imagination through his whimsical description of Xanadu, the capital city of Kublai Khan 's empire. Samuel Coleridge penned "Kubla Khan" after waking up from an opium-induced dream in which he experienced and imagined the realities of the great Mongol ruler 's capital city. Coleridge began writing what he remembered of his dream immediately upon waking from it, and intended to write two to three hundred lines. However, Coleridge was interrupted soon after and, his memory of the dream dimming, was ultimately unable to complete the poem.
