Love Comes Softly (Love Comes Softly Book #1) Macmillan

Love Comes Softly introduced the characters of Marty and Clark Davis, whose tragic circumstances brought them to a "marriage of convenience" on the frontier prairies during the mid 1800s. The story of how Clark's patient, caring love mirrored that of the heavenly Father, drawing Marty to faith and to love, has captured the hearts and imaginations of over one million readers on Book One alone! Spring's Gentle Promise HarperCollins

What do you do when your marriage is so unhappy that you begin to fantasize about your husband's funeral? That's how bad it got for Alisa Bowman. . . So she launched a last-ditch effort to save her marriage. Project: Happily Ever After is her fearlessly honest and humorous account of how she went from being a "divorce daydreamer" to renewing her wedding vows -- and all of the steps in between. From bikini waxes to erotica, romance instruction manuals to second honeymoons, the silent treatment to power struggles, she goes where many marriage-improvement gurus have feared to tread. Equal parts funny, poignant, and most importantly, useful, Bowman's story will give other miserably-married folks courage and hope. And in addition to telling her own story, she packs straightforward prescriptive guidance, including a "10-Step Marital Improvement Guide." Readers will laugh. They'll cry. And they can start on the road toward their own happy ending!

Love's Enduring Promise (Love Comes Softly Book #2) Bethany House

Perfect for fans of Holly Black and Victoria Schwab, this is the stunning conclusion to a lush, high-stakes fantasy duology, the first book of which New York Times bestselling author Jennifer Armentrout called "flawless and addictive." As immortal Seasons, Jack and Fleur wielded powerful magic in their roles as a Winter and a Spring. Yet there wasn't magic strong enough to keep them apart, and they risked everything for their love, for the freedom to live their lives as they choose—together. That choice came at a cost, and Jack had to sacrifice his Winter magic—and his immortality. Although he'd do anything for Fleur, he can't deny the emptiness he's felt since. And the world they thought they left behind is still dealing with the fallout of the battle. With Professor Lyon as the new Chronos, Seasons are free to do as they please. But not everyone is happy with the change in leadership. When an old enemy seeks revenge, immense magic runs wild and unchecked, creating chaos everywhere. Thrust into the middle of a new war, Jack and Fleur are again forced to choose between their freedom and saving the world from the storm.
