The Biology Book Oswaal Books
Communication is not always
through sound or language.
Much can be said with
gestures and movement of
eyes. In fact, more often
than not, it is the body
language that 'says' more
than words. Now discover all
the finer points and the
nuances of body language in
this masterly work. How does
a thumb gesture display
dominance, superiority and
aggression? How does dilation
of eyes send a romantic
signal? What does a sideways
glance indicate? Given these
incredible insights, the book
can prove to be of immense
use for professionals like
advocates, doctors,
policemen, judges, salesmen,
politicians, judges,
executives, bureaucrats and
customers etc - in short,
people who are essentially in

public dealing. But then, it is for all, a true guide for analysing behaviour and attitudes. #v&spublishers
