(starred review) Sixteen-year-old Starr Carter moves between

two worlds: the poor neighborhood where she lives

and the fancy suburban prep school she attends. The uneasy

balance between these worlds is shattered when Starr witnesses

the fatal shooting of her childhood best friend Khalil at

the hands of a police officer.

Khalil was unarmed. Soon

afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil ' s name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does—or does not—say could upend her community. It could also endanger her life. Want more of Garden Heights? Catch Maverick and Seven ' s story in Concrete Rose, Angie

Dream Work, a collection of forty-five poems, follows both chronologically and logically Mary Oliver's American Primitive, which won her the Pulitzer Prize for the finest book of poetry published in 1983 by an American poet. The depth and diversity of perceptual awareness—so steadfast and radiant in American Primitive—continue in

DreamWork. She has turned her attention in these poems to the solitary and difficult labors of the spirit—to accepting the truth about one's personal world, and to valuing the triumphs while transcending the failures of human relationships. Whether by way of inheritance—as in her poem about the Holocaust—or through a painful glimpse into the present—as in Acid, a poem about an injured boy begging in the streets of Indonesia—the events

and tendencies of history take on a new importance here. More deeply than in her previous volumes, the sensibility behind these poems has merged with the world. Mary Oliver's willingness to be joyful continues, deepened by self-awareness, by experience, and by choice.

Golding ' s iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an

unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the
