The November 1994 midterm elections were a watershed event, making possible a Republican majority in Congress for the first time in forty years. Contract with America, by Newt Gingrich, the new Speaker of the House, Dick Armey, the new Majority Leader, and the House Republicans, charts a bold new political strategy for the entire country. The ten-point program, which forms the basis of this book, was announced in late September. It received the signed support of more than 300 GOP candidates. Their pledge: "If we break this contract, throw us out". Contract with America fleshes out the vision and provides the details of the program that swept the GOP to victory. Among the pressing issues addressed in this important

book are: balancing the budget, stopping crime, reforming welfare, reinforcing families, enhancing fairness for seniors, strengthening national defense, cutting government regulations, promoting legal reform, considering term limits, and reducing taxes.

Sketches from a Spy Tree

Turtleback Books

Born on the eve of China's Cultural Revolution, Ping Fu was separated from her family at the age of eight. She grew up fighting hunger and humiliation and shielding her younger sister from the teenagers in Mao's Red Guard. At twenty-five, she found her way to the United States; her only resources were \$80 and a few phrases of English. Yet Ping persevered, and the hard-won lessons of her childhood guided her to success in her new

homeland. Aided by her well-honed survival instincts, a few good friends, and the kindness of strangers, she grew into someone she never thought she'd be—a strong, independent, entrepreneurial leader. “She tells her story with intelligence, verve and a candor that is often heart-rending.” —The Wall Street Journal “This well-written tale of courage, compassion, and undaunted curiosity reveals the life of a genuine hero.” —Booklist (starred review) “Her success at the American Dream is a real triumph.” —The New York Post

From W. Bruce Cameron, the author of the New York Times and USA Today bestselling novel *A Dog's Purpose*, which is now a major motion picture! After 13-year-old Charlie Hall's mother dies and his

father retreats into the silence of grief, Charlie finds himself drifting lost and alone through the brutal halls of junior high school. But Charlie Hall is not entirely friendless. In the woods behind his house, Charlie is saved from a mountain lion by a grizzly bear, thought to be extinct in northern Idaho. And this very unusual bear will change Charlie's life forever. Deeply moving, and interwoven with hope and joy, Emory's Gift is not only heartwarming and charming coming of age story, but also a page-turning insightful look at how faith, trust, and unconditional love can heal a broken family and bridge the gaps that divide us.

The Feminine Mystique A&C Black

Attempting to win a can-collecting contest, the winner of which will direct a class movie, Jenny risks losing her best friend.

Oh, No! Where are my Pants? Courier Dover Publications

When Betty Friedan produced *The Feminine Mystique* in 1963, she could not have realized how the discovery and debate of her

contemporaries' general malaise would shake up society. Victims of a false belief system, these women were following strict social convention by loyally conforming to the pretty image of the magazines, and found themselves forced to seek meaning in their lives only through a family and a home. Friedan's controversial book about these women - and every woman - would ultimately set Second Wave feminism in motion and begin the battle for equality. This groundbreaking and life-changing work remains just as powerful, important and true as it was forty-five years ago, and is essential reading both as a historical document and as a study of women living in a man's world. 'One of the most influential nonfiction books of the twentieth century.' New York Times 'Feminism began with the work of a single person: Friedan.' Nicholas

Assessment Secrets Study
Guide: Staar Test Review for the State of Texas Assessments of Academic Readiness Harper Collins

When Addie Baum's 22-year old granddaughter asks her about her childhood, Addie realises the moment has come to relive the

full history that shaped her. Addie Baum was a Boston Girl, born in 1900 to immigrant Jewish parents who lived a very modest life. But Addie's intelligence and curiosity propelled her to a more modern path. Addie wanted to finish high school and to go to college. She wanted a career, to find true love. She wanted to escape the confines of her family. And she did. Told against the backdrop of World War I, and written with the same immense emotional impact that has made Diamant's previous novels bestsellers, *The Boston Girl* is a moving portrait of one woman's complicated life in the early 20th Century, and a window into the lives of all women seeking to understand the world around them.

Newbery Honor Book * ALA Notable Children's Book “A beautifully written and imaginatively constructed novel that speaks to the power of survival and the delicacy of grief.” —School Library Journal (starred review) This acclaimed bestselling Newbery Honor Book

from multi-award-winning author Sharon Creech is a classic and moving story of adventure, self-discovery, and one girl's independence. Thirteen-year-old Sophie hears the sea calling, promising adventure and a chance for discovery as she sets sail for England with her three uncles and two cousins. Sophie's cousin Cody isn't so sure he has the strength to prove himself to the crew and to his father. Through Sophie's and Cody's travel logs, we hear stories of the past and the daily challenges of surviving at sea as *The Wanderer* sails toward its destination—and its passengers search for their places in the world. “Sophie is a quietly luminous heroine, and readers will rejoice in her voyage.”

—BCCB (starred review) "Like Creech's *Walk Two Moons* and *Chasing Redbird*, this intimate novel poetically connects journey with self-discovery.” —Publishers Weekly (starred review)

The Dishonest Merchant Penguin Classics

"In the course of human events there have always been those who deny or reject human freedom, but Americans will never falter in defending the fundamental truths of human liberty proclaimed on July 4, 1776. We will-we must-always hold these truths. The declared purpose of the President's Advisory 1776 Commission is to "enable a rising generation to

understand the history and principles of the founding of the United States in 1776 and to strive to form a more perfect Union." This requires a restoration of American education, which can only be grounded on a history of those principles that is "accurate, honest, unifying, inspiring, and ennobling." And a rediscovery of our shared identity rooted in our founding principles is the path to a renewed American unity and a confident American future"--

Psychological Operations

Simon and Schuster

A poetry collection of “peculiar grace” from the National Book Critics Circle Award finalist author of *Dailies & Rushes* (Brian Phillips, *Poetry Magazine*). Susan Kinsolving’s first poetry collection, *Dailies & Rushes*, was hailed as a “brilliant debut” by the *New York Times*, and “grand and almost terrifying” by the *New Yorker*. In her new work, *The White Eyelash*, she turns the extremes of her

recent experiences—especially those with her ageing, mentally ill mother—into poems of harsh factuality.

This dark narrative sequence is highly contrasted by the humor presented in a section called “Light Fare & Oddballs.” Once again, Kinsolving exhibits a daunting range with signature style and substance. “[The White Eyelash] finds the poet remembering her trouble mother, concentrating on visual detail or pursuing light-verse forms and verbal games with a demotically highbrow, casual grace. . . . Often organized around colors . . . these poems show a love for beauty and a casual line reminiscent of Eamon Grennan’s.”

chronicles one of the great

untold stories of American

history: the decades-long

migration of black citizens

who fled the South for northern and western cities, in search of a better life. From 1915 to 1970, this exodus of almost six million people changed the face of America. Wilkerson compares this epic migration to the migrations of other peoples in history. She interviewed more than a thousand people, and gained access to new data and official records, to write this definitive and vividly dramatic account of how these American journeys unfolded, altering our cities, our country, and ourselves. With stunning historical detail, Wilkerson tells this story through the lives of three unique individuals: Ida Mae Gladney, who in 1937 left sharecropping and prejudice in Mississippi for Chicago, where she achieved quiet blue-collar success

and, in old age, voted for Barack Obama when he ran for an Illinois Senate seat; sharp and quick-tempered George Starling, who in 1945 fled Florida for Harlem, where he endangered his job fighting for civil rights, saw his family fall, and finally found peace in God; and Robert Foster, who left Louisiana in 1953 to pursue a medical career, the personal physician to Ray Charles as part of a glitteringly successful medical career, which allowed him to purchase a grand home where he often threw exuberant parties. Wilkerson brilliantly captures their first treacherous and exhausting cross-country trips by car and train and their new lives in colonies that grew into ghettos, as well as how they changed these cities with

southern food, faith, and culture and improved them with discipline, drive, and hard work. Both a riveting microcosm and a major assessment, *The Warmth of Other Suns* is a bold, remarkable, and riveting work, a superb account of an “unrecognized immigration” within our own land.

Through the breadth of its narrative, the beauty of the writing, the depth of its research, and the fullness of the people and lives portrayed herein, this book is destined to become a classic.
