Samurai's 11th Law of Appliance Repair states that, "Electronics and wet appliances do not mix." The Staber has NO electronics in the control panel-- all user controls on the Staber are mechanical switches and timers. It does use a single motor controller board which is required to control the forward and reverse tumble directions of the motor.

Save time, money, and paper! Download a digital copy of your owner's manual, use and care manual, installation information, and energy guides. Printing tip! If printing is required, note that some manuals include multiple languages. You can save paper and ink by printing only the pages for the language you need.
