On Inauguration Day, newly elected President Stephen Blades hoped to tackle the most critical issues facing the nation: war, the economy, and a failing health care system. But in a letter penned by the outgoing President, Blades learns the truth that redefines "critical": seven years ago, NASA discovered alien presence in the asteroid belt, and kept it a secret from the world. A stealth mission crewed by nine astronauts was sent to make contact, and they ' re getting close — assuming they survive the long journey to reach their destination. Today, President-elect Blades has become the most powerful man on the planet. This planet.

The groundbreaking series from Grant Morrison that led American comics in a wholly unexpected direction. Originally conceived in the 1960s by the visionary team of writer Arnold Drake and artist Bruno Premiani, the Doom Patrol was reborn a generation later through Grant Morrison’s singular imagination. Though they are super-powered beings, and though their foes are bent on world domination, convention ends there. Shunned as freaks and outcasts, and tempered by loss and insanity, this band of misfits faces threats so mystifying in nature and so corrupted in motive that reality itself threatens to fall apart around them-but it’s still all in a day’s work for the Doom Patrol. Written by Grant Morrison and featuring art by Richard Case, John Nyberg, Doug Braithwaite, Scott Hanna and Carlos Garz n, DOOM PATROL BOOK ONE collects issues #19-34 and includes introductions by Morrison and editor Tom Peyer.

An exciting new era of Star Wars history is about to begin--as fantasy and science fiction's most acclaimed authors propel the legendary epic into the next millennium, introducing us to a rich cast of characters that features old favorites--Luke Skywalker, Han Solo, and Leia Organa Solo--along with the next generation of Jedi and never-before seen creatures, droids, and deadly agents of darkness. In Vector Prime, the launch novel for this thrilling new saga, New York Times bestselling author R. A. Salvatore takes the Star Wars universe to previously unscaled heights of action and imagination, expanding the beloved story of a galaxy far, far away . . . Twenty-one years have passed since the heroes of the Rebel Alliance destroyed the Death Star, breaking the power of the Emperor. Since then, the New Republic has valiantly struggled to maintain peace and prosperity among the peoples of the galaxy. But unrest has begun to spread; tensions erupt in outbreaks of rebellion that, if unchecked, threaten to destroy the Republic's tenuous reign. Into this volatile atmosphere comes Nom Anor, a charismatic firebrand who heats passions to the boiling point, sowing seeds of dissent for his own dark motives. In an effort to avert a catastrophic civil war, Leia travels with her daughter Jaina, her sister-in-law Mara Jade Skywalker, and the loyal protocol droid C-3PO, to conduct face-to-face diplomatic negotiations with Nom Anor. But he proves resistant to Leia's entreaties--and, far more inexplicably, within the Force, where a being should be, was . . . blank space. Meanwhile, Luke is plagued by reports of rogue Jedi Knights who are taking the law into their own hands. And so he wrestles with a dilemma: Should he attempt, in this climate of mistrust, to

reestablish the legendary Jedi Council? As the Jedi and the Republic focus on internal struggles, a new threat surfaces, unnoticed, beyond the farthest reaches of the Outer Rim. An enemy appears from outside known space, bearing weapons and technology unlike anything New Republic scientists have ever seen. Suddenly Luke, Mara, Leia, Han Solo, and Chewbacca--along with the Solo children--are thrust again into battle, to defend the freedom so many have fought and died for. But this time, all their courage, sacrifice, and even the power of the Force itself may not be enough. . . . Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

From the author of Parallel comes a high-stakes romantic puzzler set in a near-future where everyone's life is seamlessly orchestrated by personal electronic devices. Imaginative and thrilling, this fast-paced story with two starred reviews is not to be missed. Fast-forward to a time when Apple and Google have been replaced by Gnosis, a monolith corporation that has developed the most life-changing technology to ever hit the market: Lux, an app that flawlessly optimizes decision-making for the best personal results. Just like everyone else, sixteen-year-old Rory Vaughn knows the key to a happy, healthy life is to follow what Lux recommends. When she's accepted to the elite boarding school Theden Academy, her future happiness seems all the more assured. But once on campus, something feels wrong beneath the polished surface of her prestigious dream school. Then she meets North, a handsome townie who doesn't use Lux, and begins to fall for him and his outsider way of life. Soon, Rory is going against Lux's recommendations, listening instead to the inner voice that everyone has been taught to ignore—a choice that leads her to uncover a truth neither she nor the world ever saw coming.

Before BENGHAZI, There was EXTORTION 17.... August 06, 2011, 2:20 a.m.-Operation Lefty Grove is underway, a highly dangerous mission to take out another high-level Taliban operative, three months after the death of Osama Bin Laden. In the dark of night, twenty-five US Special Ops Forces and a five-man flight crew on board Extortion 17, a CH-47 Chinook helicopter. Seven unidentified Afghan Commandos are allowed to join them. Ground forces have already been engaged in a three-hour exhaustive battle. Extortion 17's specially trained warriors drop into the Hot Landing Zone to help their fellow warriors. But there's a problem: the standard chopper escorts have all been directed elsewhere. Mission directions are unclear. Worse, pre-assault fire to cover the Chinook transporting our brave fighting men is not ordered. On that fateful night, Extortion 17 would never touch down. Taliban fighters fired three rocket-propelled grenades (RPGs) in rapid succession. The first RPG shot below the Chinook, but the second made contact in what the military would later describe as a "one-in-a-million shot." The shot struck a rotor blade on the aft (rear) pylon, shearing off ten and a half feet of the blade. The third shot flew above the falling chopper. Within a matter of seconds, the chopper begins to spin violently out of control and then drops vertically into a dry creek bed and is engulfed in a large fireball. There are no survivors. The thirty brave Americans lost that night were more than just warriors. They were husbands, fathers, brothers, and sons. Billy Vaughn's son, Aaron Carson Vaughn, was one of them. Over the next few months as unsettling information on the tragic incident is released to the families, Billy Vaughn becomes increasingly disturbed. Billy discovers that US military forces are not being led to win battles, but have been sent on a fool's errand to "win the hearts and minds" of other nations. He is told that the US Rules of Engagement have prevented our brave defenders from defending themselves. Adding insult to injury, Billy learned that a Muslim Imam was invited by our own US military leaders to "pray" over his son's dead body. As US war heroes lay in their caskets before their last flight home, the Imam damned America's fallen warriors as "infidels" who would burn in hell. As US military leaders observed the ceremony at Bagram Air Base, the Imam boasted over the deaths of US heroes with words such as, "The companions of heaven [Muslims] are the winners." Betrayed is a heart rending account in America's history, an engaging story of faith, patriotism, honor, duty and loss. Betrayed is not just the biography of an American military family, it is a crucial, true-life narrative that every American must read and understand about their government and the danger America's military strategy currently poses to all families. Betrayed is a book Billy Vaughn wishes he didn't have to write. But his son is gone and there are still unanswered questions. He needs to know if finding the truth may prevent another father from standing in his shoes.

The Breakfast Club meets The Silver Linings Playbook in this powerful, provocative, and heartfelt novel about twelve strangers who come together to make the most of their final days, from New York Times bestselling and award-winning author J. Michael Straczynski. Mark Antonelli, a failed young writer looking down the barrel at thirty, is planning a cross-country road trip. He buys a beat-up old tour bus. He hires a young army vet to drive it. He puts out an ad for others to join him along the way. But this will be a road trip like no other: His passengers are all fellow disheartened souls who have decided that this will be their final journey—upon arrival in San Francisco, they will find a cliff with an amazing view of the ocean at sunset, hit the gas, and drive out of this world. The unlikely companions include a young woman with a chronic pain sensory disorder and another who was relentlessly bullied at school for her size; a bipolar, party-loving neo-hippie; a gentle coder with a literal hole in his heart and blue skin; and a poet dreaming of a better world beyond this one. We get to know them through access to their texts, emails, voicemails, and the daily journal entries they write as the price of admission for this trip. By turns tragic, funny, quirky, charming, and deeply moving, Together We Will Go explores the decisions that brings these characters together, and the relationships that grow between them, with some discovering love and affection for the first time. But as they cross state lines and complications to the initial plan arise, it becomes clear that this is a novel as much about the will to live as it is the choice to end it. The final, unforgettable moments as they hurtle toward the outcomes awaiting them will be remembered for a lifetime.
