Dungeons & Dragons Annual 2021 Marvel Entertainment

The only full history behind all of Ferrari's most outrageous performance cars. For over 60 years, Ferrari has produced cars that fire the imaginations of car lovers worldwide. Embodying the perfect combination of beauty, performance, exclusivity, and Italian flair, its vehicles have made it the world's most iconic carmaker. Though Ferrari has always produced road cars, the company has first and foremost focused on competition models, such as the handful of cars built in low-number serial production that campaigned on race courses the world over in the 1950s and 60s. In Ferrari Hypercars: The Story of Maranello's Fastest, Rarest Road Cars, author Winston Goodfellow profiles some of Ferrari's top creations--vehicles so startling in their performance capabilities that they surpass modern terms and attain the status of "hypercar." This book begins by reaching back to the 1950s to establish the lineage of hypercars and goes on to showcase the best known examples since the 288 GTO, including the F40, F50, Enzo, and all-new la Ferrari. These cars were collector vehicles from the moment they rolled off the production line, though that was never the reason for their creation; they were made to be driven. A necessary read for any racing fan, Ferrari Hypercars exhaustively traces the history of the company's competition vehicles and establishes its status as a symbol for speed, luxury, and wealth.

*Evolutionary War* Egmont Childrens Books

Discover the stories of the men and women who sacrificed their sight for their country. Since 1915 St Dunstan's (now Blind Veterans UK) has helped thousands of war-blinded men and women to rejoin society and live their lives to the full. This compelling book includes new research from the St Dunstan's archive and previously untold stories of the people, both blind and sighted, involved in the charity during the First and Second World Wars. St Dunstan's was founded by Sir Arthur Pearson, a blind press baron determined to prove that the blind could make a valuable contribution to society. Early St Dunstaners played football against Arsenal; learned to read braille,

type, row and even shoot; and trained for new careers as masseurs, carpenters, switchboard operators and gardeners. As PR officer at St Dunstan's for 35 years, David Castleton worked with many of the men and women whose stories he tells in his book, and provides a unique insight into their achievements. Meet irrepressible Tommy Milligan, who lost his sight just months after enlisting on his eighteenth birthday, and Ian Fraser, blinded on the Somme, but later president of St Dunstan's. David Bell, who lost his hands and sight in a North African mine-field, yet found hope and a wife at St Dunstan's. War-blinded servicewomen also joined the charity during the Second World War, including 22-year-old Gwen Obern, blinded and maimed in a factory accident but later famed for her singing, and ATS sergeant Barbara Bell, who became a top physiotherapist.
